1/7/2019	W004917-010719	<p>Pursuant to the state open records law Fla. Stat. Secs. 119.01 to 119.15, I write to request access to and a copy of the list(s), or "log(s)," of public records requests submitted to the university by any individual on any subject via publicrecords.ufl.edu or another mechanism from Sept. 12, 2018, until the date that you begin processing this request. Please note this is similar to a similar request filed Sept. 11, 2018, for records requests filed with UF starting Jan. 1, 2018, through that date, which UF provided without cost. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address. For clarification, I am *not* seeking copies of records released in response to these requests, just a list of the requests. Such lists or logs typically would include the name of the requester, date of the request, brief description of the records sought, any tracking number assigned to the request, whether the request is still pending, date the request was closed and any ancillary notations about the request or requester or subject matter. I agree to pay any reasonable copying and postage fees of not more than \$100. If the cost would be greater than this amount, please notify me. Please provide a receipt indicating the charges for each document. These logs will be utilized as a teaching tool in the UF College of Journalism and Communications courses on fact finding and investigative reporting. If you determine the request is overly broad under 119, please contact me and we can discuss possibilities of narrowing the scope of this request. If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption (s) upon which you rely. Also, please provide all segregable portions of otherwise exempt material.</p>	Theodore Bridis	Completed	1/10/2019

1/14/2019	W004941-011419	I'd like to request information on faculty participation in Chinese talent recruitment programs, particularly the Innovative Talent Promotion Program and the Recruitment Program of Global/Foreign Experts (also called the "Thousand Talents Program"). Specifically, I'd like to request the most up-to-date lists of professors who participate in these programs that are held by the provost's office or by college deans' offices. I seek this information in the public interest as a journalist, and not for a commercial purpose. Therefore, I'm requesting that you waive any fees, as allowed under the Act. If this is not possible, please provide a detailed list that breaks down each charge that equals the total amount. Please let me know if clarifying the request might speed the release of the data, reduce any programming time and, most important, avoid a referral to the Attorney General. 1/16/2019	W004956-011619	Pursuant to Florida Open Records law, I am requesting copies of all the complaints generated by the University of Florida's Bias Education and Response Team website between August 1, 2018 and December 31, 2018. The website used for filing these complaints is: http://www.umatter.ufl.edu/sto pbias To clarify, I do not seek the entire case file of each complaint generated as a result of an initial report. I seek the initial memo generated when the person files their complaint through the university's reporting log. (Usually it details the time, date and description of the bias incident as detailed by the reporting party.) Names of the complainant can be redacted. I simply seek, as a member of the media, to determine what types of bias students and other campus members are reporting, as this is a pressing national issue facing campuses nationwide. These reports can be delivered to me either in electronic or paper form. Please do not hesitate to contact me if you have any questions. 1/24/2019	W004977-012419	^^ The data requested within this letter will be integrated into The Chronicle's project on executive compensation, which you can find here: http://bit.ly/2DdEpjN . To better serve our readers and your institution, we are transitioning our data collection practices for public institutions from a fiscal-year-reporting rubric to a calendar-year-reporting rubric. We understand every institution is different, and our procurement of this data via an open records request may not be best for you. Let us know if that is the case, and we can amend our processes accordingly. When we have obtained this data from your institution previously, Brent Goodman has been the point-of-contact. As such, it may be best to email bgoodman@ufl.edu to obtain further information about your institution's past interactions with The Chronicle. Your payroll office will likely be the office to hold this information. So that your institution is aware, we will request compensation data in May 2019. 		<p>data reflective of the compensation earned by your CEO in calendar year 2018, and we will obtain this via our online survey tool — not through open records law. ^^ While we intend to make the pay data provided public upon completion of this request, there is NO drop-dead publication date we have set to make it public. So if your organization needs extensions, please let us know. And again, our regular survey — collecting data for calendar year 2018 — will be sent to your organization's point-of-contact in May 2019. ^^ An example of the data we are seeking is provided in the spreadsheet as well. Pursuant to the state open records act, I request compensation data on the earnings of your chief executives between 2012 to 2017. Those will be expanded on in greater detail in Requests 1 and 2. For both requests, I request the actual compensation earned from 1) your institution 2) and from an organization closely affiliated with your educational institution, such as a foundation like the U. of Louisville Foundation or the U. of Louisville Research Foundation. When possible, the data provided for each individual should mirror that of compensation data reported on W-2s, 1099s, and/or within Form 990s for said individual.</p> <p>1. The actual compensation(*) earned by or set aside for the chief executive(s) (interim, acting, permanent or otherwise) of your institution in calendar years 2012, 2013, 2014, 2015, 2016, and 2017, respectively. 1/25/2019	W004980-012519	I request the NCAA Membership Financial Reporting System revenue and expense reports for fiscal year 2018. Specifically: These reports are completed by the athletic department for the National Collegiate Athletic Association for the fiscal year 2018. This report is a multi-page document that had to be submitted to the NCAA by January 15th. It contains more than 40 revenue and expense categories, followed by specific breakdowns of each of those categories, by sport and gender. I am requesting the full report, including the detail tables, the "Other Reporting Items" list and the "Statement of Revenues and Expenses" that appears at the end of the report. PLEASE NOTE: The NCAA report is different than the equity report that is sent to the U.S. Department of Education for Title IX compliance. Please notify me in advance if there is a charge for this request. I prefer to receive the records electronically (either as an Adobe Acrobat (.pdf), Microsoft Excel (.xls or .xlsx) or Microsoft Word (.doc or .docx) If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption(s) on which you rely. 		<p>all completed audits, reviews or investigations completed by the UF Office of Compliance on all subjects since Jan. 1, 2018. I attempted to find this information online at http://www.compliance.ufl.edu/ and was unsuccessful. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address. For clarification, I am *not* seeking copies of every completed audit, review or investigation, just a list of them. Such lists typically would include the subject of the inquiry, date, any number assigned to it and possibly details about whether it was released publicly or deemed confidential. I agree to pay any reasonable copying and postage fees of not more than \$100. If the cost would be greater than this amount, please notify me. Please provide a receipt indicating the charges for each document. I am requesting a waiver of fees for this request since the disclosure of the information I seek is not primarily in my commercial interest, and is likely to contribute significantly to public understanding of the operations or activities of the government, making the disclosure a matter of public interest. The material will be used in UF's journalism curriculum as part of the instruction on use of open records laws, including providing copies of the log to student journalists actively working on reporting assignments for the UF Innovation News Center, other UF media properties and the Independent Alligator. 2/8/2019	W005025-020819	<p>UF Law received money for renovating the second floor of Bruton-Geer Hall. This request seeks: (1) Any records of contact between UF entities that detail the process by which it was decided that the money would be provided for the renovation, how much money would be provided, and why. This includes but is not limited to, emails, financial documents, and any other written communication and documentation. (2) Any records of contact between the University of Florida and the architect that has designed the plan for the renovation of the space. (3) Any records of contact between the University of Florida and any companies that have been or are being considered for doing work to renovate the space. This includes any companies that have been chosen to do the work. (4) Any financial records for the current and past fiscal years (FY 18-19) that detail the budget of the account from which the funds came for the renovation. Excluded from all parts of this request are any records of text messages and messages on social media accounts. This request is limited to documents created after January 1, 2018 for parts one through three, and to documents created after July 1, 2017 for part four. To the extent that it is possible, an invoice of estimated costs is requested. If it is possible to break the costs of the request down between the four parts, that would be appreciated. Please also detail any cost differences between what it would cost to receive copies of the records and what it would cost to inspect the records. Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by § 119.07(1)(e) Fla. Stat. (2018).</p>		Completed	3/20/2019

Apologies for my previous lack of clarity and specificity, hopefully this will make things easier for you. Please amend part 4 of the request to be solely limited to identifying the chart field(s) from which the money came. To clarify, part 4 of the request should be amended so as to only be seeking the chart field code or codes for the source or sources of money for the renovations, with accompanying information defining the name of the chart field(s). It would probably be easier if you appended this amendment to the existing request if possible, and continued to use the existing request code to follow up. 2/27/2019	W005110-022719	Hello, I'm a reporter from Scripps News working on a news story and inquiring about the outcomes of certain disciplinary hearings stemming from allegations of sexual assault on campus. We understand your university (or its athletic program) may have taken disciplinary action as many as three times against former student Treon Harris, including in relation to a 2014 alleged sexual assault. Daniel McMillian may have had action taken against him in relation to a 2017 alleged attempted sexual assault. Antonio Callaway was investigative in 2016 in relation to a sexual assault incident and faced a title ix hearing. We are requesting confirmation of the outcomes and final results of any non-criminal disciplinary hearings conducted by the University itself in relation to these matters (for purposes of this inquiry we are not asking about any police actions), including any findings of violations of school rules and sanctions imposed by the school (including the actual language used by the school in banning him from campus, the length of any action, and anything noted on the student's	Mark Greenblatt	No Responsive Records	2/28/2019

		<p>transcript, etc), for any instance where it was determined there was a violation of related school rules or policies. As you are likely already aware U.S. Department of Education regulations allow postsecondary educational institutions that receive federal funding to disclose the final results of disciplinary proceedings to any third party without the student's consent if the student allegedly perpetrated a crime of violence and the institution found that the student violated its policies. As a courtesy, I'll include some information below about that. We look forward to hearing back at your earliest convenience this week. Should you have any questions feel free to reach out if we can be of any further help! Best, Mark Greenblatt Scripps News 202-579-5475 Additional courtesy background information: Guidance issued by the U.S. Department of Education confirms the University is permitted to disclose this information any third party: https://www2.ed.gov/policy/gen/guid/fpco/brochures/postsec.html [ed.gov] An institution may disclose to anyone—not just the victim—the final results of a disciplinary proceeding, if it determines that the student is an alleged perpetrator of a crime of violence or non-forcible sex offense, and with respect to the allegation made against him or her, the student has committed a violation of the institution's rules or policies. See 34 CFR §§ 99.31 (a)(14). Forcible sex offenses are included in the definition of "crime of violence," and "final results" are defined as the name of the student, the violation committed and the sanction imposed, including "a description of the disciplinary action taken by the institution, the date of its imposition and its duration." 3/14/2019	W005188-031419	<p>March 14, 2019 OPEN RECORDS REQUEST Fee benefit requested Dear OPEN RECORDS Officer, Pursuant to the state open records act, I request access to and copies of:</p> <ol style="list-style-type: none"> 1. Records reflective of the current inventory of selective serotonin reuptake inhibitors (SSRIs) at your institution's pharmacy (or pharmacies), specifically pharmacies that primarily cater towards students and their healthcare needs. Exclude from this request pharmacies associated with your institution's larger healthcare network, and that cater to towards the general or primarily- non-student populations. Please specify the day or time period that the record(s) is reflective of. 2. Records of prescriptions for selective serotonin reuptake inhibitors (SSRIs) prescribed at your institution's student health center(s) from January 1, 2016, to December 31, 2018. * I agree that any personally identifiable information (PII) can be redacted. * I am also requesting any lookup tables, field layouts code sheets or other documents needed to interpret the data. * If possible, I request that these records be provided in an electronic format that can be imported into standard database software, such as Excel, Access or SQL open-source software. If that is not possible, I request that this data be supplied in a common electronic form using delimited text file(s), such as tab-delimited or comma-delimited. * I can accommodate multiple data files as long as there is a unique ID field that can be used to match the data files. * I request you to release all segregable portions of otherwise exempt material. * If possible, I request that these records be provided in an electronic format via email or digital download (via Dropbox, for example). If that is not possible, please provide them 	Lily Jackson	Completed	4/8/2019

3/25/2019	W005243-032519	Dear University of Florida staff, Pursuant to the state open records law Fla. Stat. Secs. 119.01 to 119.15, I write to request access to and a copy of the records that indicate the percentage of students at the University of Florida that had Florida Prepaid plans when accepted into the university compared to those who did not over the past 5 years. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and	Daniel Gamboa	No Responsive Records	3/26/2019

		<p>address. I agree to pay any reasonable copying and postage fees of not more than \$25. If the cost would be greater than this amount, please notify me. Please provide a receipt indicating the charges for each document. I am requesting a waiver of fees for this request since the disclosure of the information I seek is not primarily in my commercial interest and is likely to contribute significantly to public understanding of the operations or activities of the government, making the disclosure a matter of public interest. Considering the high costs of college across the country today, many families would look to programs like Florida Prepaid to take advantage of solidifying the costs and payment of their children's education. Should there be any indication in the number of Florida Prepaid students being accepted has gone down over the years, without variation in any other measurements or reasons for acceptance on other grounds, the public has a right to know if their investment is financially sound. This is an entrepreneurial venture in writing which will hopefully be published through the Alligator, allowing for the general campus public to learn about any issues in the acceptance process. If you determine the request is overly broad under 119, please contact me and we can discuss possibilities of narrowing the scope of this request. If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption(s) upon which you rely. Also, please provide all segregable portions of otherwise exempt material.</p>

Thank you! From: Samantha Grenrock <grenrosa@ufl.edu> Sent: Monday, March 25, 2019 12:45 PM To: WPTV newstips <newstips@wptv.com> Subject: Born at UF, Florida Blueberries Stay Competitive in Global Market This time of year, we're used to seeing Florida-grown blueberries show up at the local grocery store. But things weren't always this way. The Florida blueberry industry got its start in the 1970s when the University of Florida Institute of Food and Agricultural Sciences developed the first Southern Highbush blueberry plants grown commercially in the Sunshine State. Now, the Florida blueberry industry is worth an estimated \$82 million, according to the most recent statistics from the Florida Department of Agriculture and Consumer Services. Full news release attached. CUTLINE: The goal of the UF/IFAS Blueberry Breeding Program is to develop blueberry varieties that thrive in Florida's climate and soils, while resisting disease and producing the best quality berry. 3/27/2019	W005266-032719	I am an employee and I've made several complaints about no one caring that we aren't paying taxes. I even filed a confidential complaint and nothing gets done. So now I just want the records to turn over to everyone I can to prove what "Associate Vice President for Student Affairs" Mr Dunkel and Mr Parrott "Vice President for Student Affairs" are doing — so now I have to ask you this way to show what is going on - so I need you to send me the proof of the taxes that were paid out of any account that student affairs has access to. I want whatever proof there is that show that state funds were not used to pay income taxes by UF. I need these records for the last 4 years/ - and I know how you all operate so do not try to charge me a ton of money for these records as a way to intimate me or hope that I won't pay. If you charge me, you need to be absolutely sure you are doing so legally - USA Today, the Tallahassee Democrat, and the Tampa Bay Times are already waiting on these and I'll let them know how much you are charging too. If the administration won't fix the problem and get rid of the people ruining what used to be a great place to work, we will do it for you. Give me the records. 4/4/2019	W005356-040419	<p>I cannot stay quiet anymore. Ive tried to tell everyone but from what we are hearing now, Norb Dunkel and Dave Parrott are going to be safe despite ALL the insane things they do and the tyranny they have brought to Florida. The university pays these guys 5 times what we make and then they commit fraud and they are untouchable. That has to end now. Norb Dunkel and Dave Parrott walk around this office like they own the place and EVERYONE knows they steal and commit massive fraud and do whatever the hell they want and then they tell us they are not in any trouble and are free and clear!? Are you kidding me? If we use our PCard for a pack of gum wrong we get blown up but they can commit fraud with millions of dollars and screw the University and get to walk like they are King? I don't think so. Apparently no one up there in administration cares about the fact that Norb Dunkel and Dave Parrott are screwing the university and nothing is getting done. Where is the oversight? Where are the people that make sure these guys aren't doing what they are doing. What the hell is wrong with the administration - THESE GUYS ARE FRAUDS!!!!!! These guys gotta go and gotta go now. I couldn't believe it when I heard they were telling everyone they are not in any trouble. I hope President Fuchs simply doesn't know about this. I cannot believe he would let this kind of stuff happen with how much he cares. So - we are taking action if you want. I want every document that discusses any investigation or insinuation of wrong doing against Dave Parrott and Norb Dunkel and I want them NOW - whether they are done or not- whatever form they are in - if it is a public record I want it. I don't care if it's a post-it note... you have to give it to me. Dig in the trash if you have to but I promise you I know they exist.</p>		Exemption Denial	4/8/2019

4/8/2019	W005380-040819	Pursuant to Florida public records law as listed in Chapter 119 of the Florida Statutes I am requesting a complete file of all material related to the search for and ultimate denial of my employment as Senior Director of Housing and Residence Education. This is to include but not limited to all email, papers, letters, films, sound recordings, candidate feedback forms, committee notes and other related material regardless of form or means of transmission between the dates September 1, 2018 and todays date related to the search. I request an internal audit be conducted to evaluate for discriminatory practices within the university (and specifically within student affairs) as related to this transaction as I contemplate next steps with the Equal Employment Opportunity Commission and other outside agencies. After eliminating seven out of eight candidates from a diverse pool whom had been interviewed, I endured three grueling days of interviews with various constituents across Student Affairs and the university. I was asked specifically to speak to the following topic: "What is your vision for campus housing to bring the full student	Steven Bettner	Completed	6/18/2019

		<p>experience and the residential setting together?" For this presentation I prepared an original, unique vision on two weeks' notice for the University of Florida without having stepped on campus in over two decades. A typical university President has six months to a year after they have started to develop a vision and strategic plan. When I completed the interview it was more than subtly implied by numerous people on your Strategic Counsel that my hiring was imminent. Much to my surprise, in place of an offer letter I got a personal note letting me know that you decided not to make an offer and were going to hire a search firm to conduct a new search. That evening, I received a phone call from you, which I very much appreciated at the time. During the call you said many flattering things but you also informed me the principle reason I was not going to be hired was "we are not able to get consensus around the fact that you embody inclusive excellence". That is a direct quote. Those words struck me, and I have since been trying to figure out what you meant by them. I would like to point out that I was not asked to prepare remarks on diversity and inclusion, it was not highlighted in any fashion in the position description nor did anyone in any session challenge me with a question or a follow up during the interview which could have led to this decision. Which leads me to only one conclusion; by "embody inclusive excellence", you mean it in the most literal sense. This interpretation was further fueled by multiple correspondences I have received from people in your organization claiming that Student Affairs is struggling with diversity and so much to the point that a Chief Diversity Officer was consulted and that the Special Assistant to the VP on diversity and inclusion derailed my selection. Several were present in almost every interview I had and witnessed no remarks that would have led you to conclude that I don't</p>

		embody inclusive excellence. Further, when I asked one caller what could I have done differently the response was "Steve, as a white male there are some things you will not be able to overcome". Again, direct quote from a senior leader in your organization who told me this was a diversity decision. Sir, I am mortified that it is possible (if not probable) that my race, gender, Veteran status or worse all three, played a role in your decision making process. I would like to remind you of my more than ten years of military service in addition to seven deployments and service in Iraq. As I identified in my application for this position, I am a specially protected class of Veteran, being rated as a ninety percent combat service disabled Veteran.

4/9/2019	W005389-040919	I got your response and to be honest - it bothers me!!! The Gainesville Sun already reported that the administration said there's NO PROBLEM with Dr. Parrott and Mr. Dunkel and it was after that article that Dr. Parrott and Mr. Dunkel got openly cocky about being "cleared" and just fine. Nevermind the fact that Mr. Dunkel stalks anyone that knows the truth about him!!!! I want a document from the University - an OFFICIAL document - that says Norbert Dunkel and Dave Parrott are OFFICIALLY UNDER INVESTIGATION by the University of Florida for wrongdoing. Otherwise, I hate to say it, I think you all are lying to cover the truth (this is what we've been hearing). I am very hesitant to identify myself - anyone that crosses Mr. Dunkel and Dr. Parrott is GONE, he always makes sure of that. He's like a mafia boss. If I can contact Mr. Ryan Fuller anonymously, I will do that. Please tell me what email address to send to to contact him. I will identify myself by putting the PRR number given when I submit this email. DO NOT TRY TO FIGURE OUT WHO I AM!!!! Its sad you all know the truth but are too scared to fix it! 4/16/2019	W005447-041619	Hello, this is in response to PRR W005195-031519. I've written to follow up on this a few times; I paid over \$30 for this PRR and still haven't received any responsive documents. I don't mean to bother, but may I please receive an update? 4/16/2019	W005448-041619	PRR W005196-031519 was not fully complied with. This is a violation of state law. The request was for "All communications and documentation related to the 800 Codes Revision Ad Hoc Committee established by Student Government Senate President Libby Shaw, including but not limited to all communications and documentation related to the appointments to the committee, all communications and documentation pertaining to the committee's conception, all communications and documentation between members of the committee, all communications and documentation regarding the determination of the committee's responsibilities, etc." Any communications remotely related to the 800 Code Revision Ad Hoc Committee are public record. I have evidence that much of this is not being provided. What steps may I take to ensure SG abides by state law?		Requested Clarification	7/17/2019

4/16/2019	W005449-041619	Hello, this is a follow-up to PRR W005198-031519 and PRR W005315-040219; first, thank you for locating other responsive documents. However, I feel there may have been a miscommunication: the PRR requested information regarding the intended or actual use of the funds collected from the Housing Fair, but no responsive documents spoke to this (rather, they communicated the Housing Fair's expenditures). May I please request all documentation of money paid by the sponsors to the University of Florida or any of its representatives, where that money was transferred to, and all communication regarding how that money was/is to be used? 4/16/2019	W005454-041619	I'm concerned: initially, I submitted PRR W005223-032119, and I was told that no responsive documents existed, but when I pointed out that they were definitely available, the followup PRR W005321-040219 received all responsive documents. 		<p>meeting as a result of my initial communication to you. 3. I also request Certified Copies of the 5 judge's ballots, and if available, all notes made, before, during or after, relating to all of the scores that the judges recorded in each category, including the personal interview, for each candidate. 4. In addition, if there are any transcripts, minutes, or videotapes, of the personal interview portion I would like copies of those as well. Depending on who attended the personal interviews, they may qualify as public meetings, as per Chapter 286 of the Florida Statutes. 5. I also request Certified Copies of the tabulations generated by the accountants who recorded the ballots and calculated the results. As you may recall, there was a significant delay in calculating the final results. The delay was significant enough that both masters of ceremonies had calls from the audience to tell some jokes during the delay. 6. I would request all records regarding the individual scores of the ladies, and any documents which describe why the award was not presented. The program given to attendees before the pageant clearly stated that a "Non-Finalist Lifestyle and Fitness" award would be presented. 7. In addition, I am requesting the copies of any guidelines on what constituted appropriate swimwear, and any documents on whether you, or any person associated with the pageant, inspected the fitness/swimwear to ascertain that it met the requirements of the guidelines. 8. I also request the documents that the judges reviewed to determine the winner of the "Campus Leader" award, as well as copies of their notes and/or ballots. If persons other than the judges determined the winner of this award, I would still like the documents used, but instead request the criteria used, the scores reported, and the people who determined the award winner. 9. 		<p>information identifying all University of FL employees and their compensation. Please make all necessary redactions to fulfill your legal obligations for student workers as was done in previous requests. To ease the search for these documents, I request that they be prepared in electronic format. Such examples include PDF, Microsoft Word Document, or Excel Spreadsheet. Should you deny our request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by s. 119.07(1)(d), F.S. If there are any fees for providing access to these records, please inform me before filling our request. We would like these records by close of business on May 6th, 2019. If this is not possible request please state in writing the reason(s) that this not a reasonable request. If you have any questions about these requests, please call me at 352-222-1991 Specifically, we are requesting records identifying each individual University of FL employee, including each such individual's: 1. Name; 2. Job Title (please include if they are OPS Time-limited, OPS Special Risk, etc); 3. Pay grade 4. Race/ethnicity; 5. Gender; 6. Rate of compensation (i.e., salary, per credit compensation, or regular hourly rate of pay); 8. Date of hire. 9. UF email address. 10. Home mailing address. 11. Home phone number. 12. Non-UF email address. 13. Department name. 14. Date of birth. 15. If they are enrolled in the state insurance plan. 16. If they are enrolled in the Florida Retirement System. 17. Pay Group. Additionally I would like a record of OPS workers who have reached the " Non-Student Hourly OPS Employment" threshold of 4,176 hours of work. I'm not sure how this is tracked but I would like a list them with items 1-17 above and the outcome of them reaching this threshold (hired on as TEAMS, outsourced to Tempforce, let go, etc.).</p>

I'm disappointed to have discovered that not anywhere near every relevant public official was contacted to request responsive records; communications from an entire caucus of public officials were requested, but only the caucus leader was contacted. This is unacceptable and demonstrates a lack of respect for the public records process; this also makes me wonder how many other PRRs this has occurred with. I'd appreciate a response to this matter, and for this matter to be appropriately resolved moving forward (and for this request).		No Responsive Records	5/3/2019

4/29/2019	W005563-042919	<p>UF Health Communications recently sent a Qualtrics survey ("A Great Place to Work") to the members of the division. It was initially only available online but then they offered the option of sending it in as a paper form since people were skeptical of the anonymity. I would like a pdf of all responses, those submitted online and those submitted in paper. And I would like all comments included. I pasted one of the emails we received below so you can see the survey questions. Good morning everyone, Recently we sent you an email asking you to take a few minutes to share your input and suggestions for making UF Health a great place to work via a link to an online Qualtrics Survey (https://bit.ly/2uy6s73). We have received feedback that some staff have expressed concerns about the survey truly being anonymous. To alleviate potential concerns, we are providing an opportunity for you to answer the questions and submit your suggestions in hard-copy format. We have placed manila envelopes labeled 'A Great Place to Work' in the following locations: 1329 Building - in the printer room (please look for the envelope on the book shelf by the Communications printer) Communicore (C2-018) – In the kitchen/breakroom (please look for the envelope on the table.) The questions to be answered are as follows: A Great Place to Work 1) What could we do in the workplace to enhance your daily work experience? 2) What would a flexible work model look like for you? 3) What would make you feel fulfilled in your current role? If you haven't already provided input, please feel free to take a few minutes and submit your responses via the two locations noted above. Or, the online link is still live and you may also submit your responses there. These two avenues will remain available through end of business on Friday, April 12. Thanks in advance for your valuable input! Best, Melanie</p>		Completed	5/9/2019

4/30/2019	W005574-043019	Hello, Please consider this a public records request for records of the "final results" of all disciplinary hearings conducted by your institution into any student since January 1, 2014, in which it was determined that the student is either "an alleged perpetrator of a crime of violence," including forcible sex offenses, or "an alleged perpetrator of a nonforcible sex offense," and with respect to the allegation made against him or her, the student has committed a violation of your institution's rules or policies. The "final results" should include only: - The name of the student - The violation committed, meaning the institutional rules or code sections that were violated and any essential findings supporting the institution's conclusion that the violation was committed; and - Any sanction imposed by your institution against the student, meaning a description of the disciplinary action taken by the institution, the date of its imposition, and its duration. As you are likely already aware, U.S. Department of Education regulations allow postsecondary educational institutions that receive federal funding to disclose the final results of disciplinary proceedings to any third party without the student's consent so long as: - The student is an alleged perpetrator of a crime of violence or non-forcible sex offense; and - With	KENNY JACOBY	Completed	8/22/2019

5/14/2019	W005656-051419	As President of the Retired Faculty of the University of Florida (RFUF), I am writing to request contact information for faculty retired since April 2018 so we can invite them to join RFUF. We would appreciate whatever contact information you can provide – email addresses would be most useful. The information you sent us the past two years was very helpful in expanding our membership. It provided newly retired faculty with the opportunity to meet other retired faculty and to participate in the stimulating program we have of weekly seminars by prominent speakers. As you may know, our weekly seminars are very popular among our members. We meet in the auditorium of the Harn Museum and our meetings sometimes draw up to 100 members or more per session. Among our speakers last season was President Fuchs and Professor Jack Davis, a recent Pulitzer Prize winner. The information you provide will only be used to contact recent retirees and tell them of the opportunities we offer at RFUF. I will share this information with our Membership Committee Chair, Dr. Robin Poynor (copied in this email), who will contact the recent retirees. Many thanks for your help in this matter which will provide recently retired faculty with an opportunity to continue to participate in the academic stimulation that the university provides. David N. 5/20/2019	W005676-052019	Hello, Please consider this a public records request for records of expenses incurred by your institution for lodging players, coaches and staff on your institution's football team in hotel/motel rooms for each of the following nights of stay: 8/31/2018 9/7/2018 9/14/2018 10/5/2018 11/2/2018 11/9/2018 11/16/2018 To be sure, the above dates represent the nights of stay, as opposed to the date(s) your institution actually paid the expenses. So if your institution's football players, coaches or staff stayed in a hotel on one of those nights, but your institution didn't pay the invoice/bill until a week or month later, this request would still cover those expenses. Additionally, the above dates represent the dates for which your institution reserved the hotel/motel rooms, as opposed to the checkout dates. So if your institution's football players, coaches or staff stayed in a hotel/motel on one of the above dates, but checked out the following day, this request would still cover those expenses. My primary interest is in the total dollar amount spent by your institution on lodging your football team's players, coaches and staff in hotel/motel rooms on the above dates. In the event it would be significantly less time-consuming or easier from a technical standpoint for your institution to provide only the dollar amount for each date, as opposed to the actual receipt, invoice, hotel folio, budget line entry, or whichever physical form these specific records exist in, I would be willing to accept that instead. I prefer these records be provided in electronic form. Please don't hesitate to reach out if you have any questions.	KENNY JACOBY	Completed	5/30/2019

		<p>voided, overdue and/or outstanding payments or checks/warrants issued and owed by The University of Florida. If some of this request is exempt from release, please release the remainder of the record which is allowed. Please provide all requested records that are greater than \$500, are claimable (The obligation to the payee has not been voided by law), The funds have not been turned over to the abandoned property office, and the funds are not in the process of being issued or reissued. We also are only requesting records that have been outstanding for a period of over 3 months and are due to companies NOT individual citizens. For each property, please provide issue dates, payee names, addresses, and dollar amounts due. If possible, an excel document would be the desired format to receive data for all available years. If the requested records could not be found or do not exist in your possession, please provide the contact information for the public body from which they may be requested and forward this request to them (For example, if another department issues checks on your behalf.) We would appreciate your prompt attention to this matter and, if possible, request your response within 15 business days of receipt of this letter. We will reimburse for any reasonable costs associated with the provision of these documents. Please notify us should costs exceed \$50. Thank you for your assistance with this matter. 6/12/2019	W005776-061219	My colleagues and I are professors and doing a research study on the gender gap in academia (business schools). In order to do this study, we need a time series of faculty salaries. We have identified business school faculty at your institution along with current salaries, but we are in need of salaries going back the last 15 years. We contacted the Governor's office that maintains the right to know website and were informed that we need to contact each individual institution as they do not have historical archives. In the attached Excel document, you will find faculty names and position numbers. We request the salary data as far back as possible in electronic form. If you have any questions, please feel free to contact me via email or phone. We sincerely thank you for your help in this matter.	Dan Bradlye	Completed	6/26/2019

6/19/2019	W005793-061919	<p>As part of a research project examining how labor market regulations and immigration policies affect academic and scientific labor markets, I write to request salary information for salaried employees (including post-doctoral scholars) on an annual basis from academic year 2008-09 to the 2018-19 academic year. My understanding is that your office can facilitate access to these files and that the information that I am requesting is public. The data request includes individual-level information on all University of Florida non-student, salaried employees for each academic year from 2008-09 to 2018-19, including each employee's: *</p> <ul style="list-style-type: none"> * name, * title (eg assistant professor, post-doctoral scholar, staff scientist), * academic department (eg Department of Economics or Department of Chemistry) * salary * annual basis (i.e., 9 month or 12 month, if available and in the public domain), * date of hire (if available and in the public domain). <p>If possible, I would greatly prefer files in a machine readable format, such as .csv, .xls or .dta formats. While similar information for the most recent year appears to be posted by media outlets, my aim is to assemble data from the primary source and to include prior years. This research effort is supported by funding from the National Science Foundation. One clarification may facilitate the processing of this request: my understanding is that many universities record salaries at a "point in time" (eg 12/31 or 10/31); a snapshot is fine for my purposes, so long as the date for each year is specified. I would be pleased to answer any questions you may have and I would be grateful if your office would be able to process this request. Please let me know if there is a different point of inquiry for this request; I can be reached by email at sturner@virginia.edu or by phone at (434) 982-2383. Thank you very much for your assistance.</p>	Sarah Turner	Completed	7/2/2019

7/1/2019	W005851-070119	Under the Florida Public Records Law, we formally request that your office provide us with public spending information, including both capital and operating expenditures, for payments made by or on behalf of The University of Florida during fiscal year 2019. Specifically, for any payee other than a regular employee or student paid a cumulative total amount of more than \$5,000, we seek the payee name, address and the cumulative total dollar amount paid to the subject payee over the relevant time period. The \$5,000 threshold was established to minimize reporting for respondents. This is the same information that your office was kind enough to provide via email for fiscal year 2018. The information is to be used for research aimed at identifying patterns of spending by public entities. No part of the data will be used as a mailing list and your supplying the information cannot be construed as an endorsement of either your payees or our work. Of course we are willing to reimburse your office for any reasonable expense incurred in preparing the requested information if an estimate of costs is provided for our approval before the work is performed. We would prefer to receive the data in CSV, text, PDF document, Excel spreadsheet attached to an email, via File Transfer Protocol to our secure server, or on PC-formatted media sent by mail. Should you have questions or need to advise us to redirect this request, we can be reached at 800-810-3846 or via e-mail at HigherEd@acmeresearch.com. Kindly confirm receipt of this letter and contact our office to let us know your time frame for a response. Thank you for your assistance!	Kristi Upton	Completed	7/1/2019

7/15/2019	W005906-071519	<p>Dear Officer, Pursuant to the Florida Sunshine Law, I am requesting any and all documents included in the University of Florida's annual financial report to the National Collegiate Athletic Association (NCAA), as required by NCAA Bylaw 3.2.4.15, for each school year beginning with the 2007-2008 school year through the 2018-2019 school year. If the 2018-2019 school year report has not yet been compiled, please provide all reports from the 2007-2008 school year through the 2017-2018 school year. I would like the records in whatever format is most expedient—preferably a Microsoft Excel format— or however the records are most conveniently kept. As a representative of the news media, I am only required to pay for the direct cost of duplication. Through this request, I am gathering information on reason that is of ongoing interest to the public. This information is being sought on behalf of NBC News for dissemination to the general public. Please waive any applicable fees. Release of the information is in the public interest because it will contribute significantly to public understanding of public university operations and activities. If there is any charge, please contact me before fulfilling this request. Your prompt response is appreciated. If the request is denied, please respond in writing and state the statutory exception authorizing the withholding of all or part of the public record and the name and title or position of the person responsible for the denial. Please also include information to whom we can submit our appeal. Thank you for your assistance and please let me know if there are any questions.</p>	Julianna Rennie	Completed	7/18/2019

7/23/2019	W005932-072319	Good afternoon, I would like to submit an anonymous public record request to find out what textbooks are required at your university. On each academic syllabus for each course offered, there is a "required textbook" section. Per this section, I would like to know the name, author, version/edition number, and the ISBN numbers that correspond to each syllabus for every class offered at the university. To be specific, I am not requesting syllabi, but instead, the list that is provided to your affiliated book store. I would like to know the listing of books from Spring 2018 to present date and/or the current academic year. I understand that some universities may have different procedures in place to know this information, so if it does not have exactly those above listed informational factors or if it has additional information related to pricing, etc., I can happily accept just the items your university has kept record of. I further understand that some institutions in the State University System have "Master Lists" on excel spreadsheets within the provosts department. I have confirmed that this is the case at particular universities. If there will be a cost associated with the request, please contact me first with an estimate and then I will determine if I would like to proceed. If you need any further clarification, please feel free to contact me through this email address. Thank you for your time!	Inquiring Citizen	Completed	8/5/2019

		<p>donation, if applicable. Pre-harvest sugarcane burning has become a matter of public interest due to increased health concerns in the Glades community and a recent class-action lawsuit filed by the Berman Law Group with regard to pre-harvest sugarcane burning. Fee Waiver and Fee Benefit: Type Investigations is a nonprofit investigative newsroom based out of the Nation Institute. As a member of the news media, I am seeking this information for dissemination to the general public as part of an effort to examine the scale of donations made by representatives of sugar companies to public institutions. As such, I am requesting a fee waiver of search and review fees as a member of the news media. 5 U.S.C. § 552(a)(4)(A)(iii). This request is made in the public interest and not for commercial use. For additional details about Type Investigations, please see our website: <https://www.typeinvestigation.org/>. If possible, I would prefer the documents in electronic format. Please notify me before incurring any photocopying costs over \$100. Expedited Processing I am requesting expedited processing on this request. Pursuant to FOIA and agency guidelines expedited processing is required under certain circumstances. 5 U.S.C. § 552 (a)(6)(E)(v)(II); see also Al-Fayed v. CIA, 254 F.3d 300, 306 (D.C. Cir. 2001). This request reveals the scale of donations by the sugar industry made to the University of Florida. This is of immediate and urgent public interest as cited in the recent class action lawsuit filed by Berman Law Group against sugar cane growers in Palm Beach County. A news article referencing complaints made to the Department of Health last year is here: https://www.helloswfl.com/news-stories/sugar-farmers-health-officials-discuss-pre-harvest-burn-season. Any information obtained from this request will be used for the public's interest</p>

7/28/2019	W005962-072819	This is a clarification on request W005934-072419. All of the Rules and Ethics Committee's communications regarding "constituency" probation of senators including any correspondence with senators regarding "constituency" probation for their status from the Summer A semester. This should be specifically regarding probation due to constituency, not people who are appealing absences. With regard to the clarification "would former senators be applicable to this request?" If any senator was removed due to failure to complete constituency probation previously (therefore making them a former senator) they should be included in this request. This should still include senators who are still senators and had communication regarding constituency probation. Additionally, if any member of the senate has left due to other reasons besides constituency, they should be included as well.		Completed	7/29/2019

		<p>Ramba Consulting 17. Raney</p> <p>As used above, the term "records" includes, without limitation, all communications, correspondence, records of phone conversations, text messages, encrypted messaging services, transcripts of testimony, minutes or notes of meetings, electronic mail, PowerPoint or other similar presentations, memoranda, reports, maps, photographs, drawings, data, tables, spreadsheets, formulas, notes, observations, impressions, contracts, and policies or directives, whether in an electronic or print medium, original or copy, or draft or final form. The timeframe of this public records request is between February 14, 2019 and the date of this filing. You may exclude news articles, press clippings, and duplicate emails. The requested documents will be made available to the general public, and this request is not being made for commercial purposes.</p> <p>Therefore I am requesting a waiver of any fees. The organization I work for, the Energy and Policy Institute (EPI), is a clearinghouse of information and can qualify as a representative of the news media. There are several examples of public record requests provided to EPI that were published on our website to inform journalists publishing articles. Additionally, federal agencies have previously categorized FOIAs from the Energy and Policy Institute under Title 10, Code of Federal Regulations, Section 1004.9(b) (3) as a "news media" requester and have determined that we satisfy the criteria considered for a waiver of fees. In the event that there are fees, I would be grateful if you would inform me of the total charges in advance of fulfilling my request. I would prefer the request filled electronically, by e-mail attachment if available or USB drive if not. Thank you in advance for your anticipated cooperation in this matter. 8/20/2019	W006062-082019	<p>My name is Dana Cassidy. I am a reporter for The Independent Florida Alligator: Pursuant to Chapter 119 of Florida Statutes, we request: Whether each suspect from every public safety alert from January 2018 up until August 20th, 2019 was arrested or still not caught. Because of the pressing news nature of our request, and because these documents are readily accessible, we request them by Thursday, August 22, 2019. If you deny this request in whole or in part, I request that you advise me in writing, as required by section 119.07 (1)(e) and (f), Fla. Stat., of the particular statutory exemption upon which you are relying and that you state with particularity the reasons for your conclusion that the record is exempt or confidential. If an asserted exemption applies to only a portion of a record, please delete the portion that you claim is exempt and release the remainder of the record as required by section 119.07(1) (d). If the requested records are kept in an electronic record keeping system, then please produce the records in electronic form as required by section 119.01(f). If the records are maintained only in paper form, then please produce them in that form. If the records are maintained in some combination of electronic and paper form, then please contact me and explain which records are kept in which medium so that I can decide the most expeditious manner of accessing the records. The Independent Florida Alligator will pay for the actual "cost of duplication" of the public records as defined by Florida Statutes, section 119.011(1). Please advise me of these costs before taking any billable steps.</p>	Dana Cassidy	No Records Found	11/25/2019

8/20/2019	W006067-082019	To whom it may concern, Pursuant to the state open records law Fla. Stat. Secs. 119.01 to 119.15, I write to request access to and copies of any and all 2018 Gator Growl performance contracts between May and October 2018. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address. Please notify me of any copying and postage fees before taking any billable steps and please provide a receipt indicating the charges for each document. I am requesting a waiver of fees for this request since the disclosure of the information I seek is not primarily in my commercial interest, and is likely to contribute significantly to public understanding of the operations or activities of the university, making the disclosure a matter of public interest. Since these performances are hosted by Student Government, using student fees, it's important information for the student population to know. All this information will be used with intentions of being published in the Independent Florida Alligator. If you determine the request is overly broad under 119, please contact me and we can discuss possibilities of narrowing the scope of this request. If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption(s) upon which you rely. 8/29/2019	W006119-082919	My name is Dana Cassidy. I am a reporter for The Independent Florida Alligator: Pursuant to Chapter 119 of Florida Statutes, we request: the employee personnel file for Ian Milaski, a resident assistant at the University of Florida. Because of the pressing news nature of our request, and because these documents are readily accessible, we request them by Friday, August 30, 2019. If you deny this request in whole or in part, I request that you advise me in writing, as required by section 119.07(1)(e) and (f), Fla. Stat., of the particular statutory exemption upon which you are relying and that you state with particularity the reasons for your conclusion that the record is exempt or confidential. If an asserted exemption applies to only a portion of a record, please delete the portion that you claim is exempt and release the remainder of the record as required by section 119.07(1)(d). If the requested records are kept in an electronic record keeping system, then please produce the records in electronic form as required by section 119.01(f). If the records are maintained only in paper form, then please produce them in that form. If the records are maintained in some combination of electronic and paper form, then please contact me and explain which records are kept in which medium so that I can decide the most expeditious manner of accessing the records. The Independent Florida Alligator will pay for the actual "cost of duplication" of the public records as defined by Florida Statutes, section 119.011(1). Please advise me of these costs before taking any billable steps.	Dana Cassidy	Exemption Denial	8/30/2019

9/23/2019	W006266-092319	Incident/ CAD Report I went to UF Baby Gators on Newell Drive with Court Orders from the 8th Judicial Circuit located in Gainesville, that identified me as being the Father of my one-year old daughter, who my soon-to-be ex-wife has enrolled there. They not only identify me as the Father, but also as having shared parental responsibility (see FL Statute 61.046 Sec 17). One of the employees called UFPD and falsely reported that I had a criminal background and that I was not allowed to be around children and so officers responded. I remember Officer McGill was one of them (unsure if I spelled her name correctly). I showed them my court orders, explained I wasnt there to take out my daughter, but simply there to obtain a copy of my daughters records in their entirety. The officer added to the report after some time, because I got certified and stamped copies of my orders from the Clerk of Court, and that she had conducted an on-site check on me, and I had no criminal background. 		by the Attorney General or the courts. Please let me know if you feel any records in the fields I've requested are confidential, and I'll consider amending my request. Also, please let me know if clarifying the request might speed the release of the data, reduce any programming time, and avoid a referral to the Attorney General. Specifically, I'm seeking a spreadsheet, database, or delimited text file (s) — not paper records or a PDF created from data — I am comfortable working with large data sets and can receive the records in a variety of formats (.dbf, .csv, .mdb, etc) and media (CD, DVD, ftp). If there are any fees for searching or copying these records, please inform me before filling my request. I request a waiver of all fees for this request since the disclosure of the information I seek is not in my commercial interest, and will contribute significantly to public understanding of voter registration and participation, making the disclosure a matter of public interest. Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by s. 119.07(1)(d), F.S. If you have any questions in the interim, you may contact me at the provided email address. Thank you for your consideration of this request. Sincerely, Betsy Boyt

		<p>are fulfilled, instead of waiting to get answers to all three at once. If you need me to submit the requests separately, in order to do that, please let me know. 1. Does the University of Florida or the foundation maintain a list of people or organizations that are prohibited from donating to the university, similar to the "disqualified" status described in the first paragraph of this article: https://www.newyorker.com/news/news-desk/how-an-elite-university-research-center-concealed-its-relationship-with-jeffrey-epstein ? If yes, I'd like to see the current lists, as well as lists dating back five years. 2. I'd like to see the University of Florida and the University of Florida Foundation's written policies for evaluating whether and how to accept a gift, including the circumstances under which donors are allowed to remain anonymous. 3. I'd like to see the University of Florida and the University of Florida Foundation's written policies around what restrictions or requirements donors may and may not apply to their donations. Requirements might include specifying where the money is allocated, giving a donor a say in hiring, and allowing a donor to review scientific papers before they're published, but they are not limited to these examples. If there are any fees associated with this request, I'd like to request a waiver, as a member of the news media obtaining information for news-gathering purposes. If you cannot grant a waiver, please tell me your estimated fee and please don't proceed without my agreement if the estimate exceeds \$25. 		<p>of ESPN in 2018, except with the timeframe updated to cover only complaints made from January 1, 2014 to the present (her request covered January 1, 2012 to present, which at the time was in 2018). Here is a copy of her request: A copy of any reports on Title IX sexual violence complaints that would include a total number of complaints filed from Jan. 1, 2012. If it helps for clarification, we are looking for any reports the Title IX office puts out at the end of the calendar or academic year that tally the volume of complaints, dispositions, etc., from which we can derive a total number of complaints filed within that time. A copy of any reports on Title IX sexual violence complaints that would include a total number of complaints filed from Jan. 1, 2012, that involved student athletes as respondents, where student athlete is defined as someone on the roster within that academic year of team of an NCAA sport. Again, if the Title IX office compiles such a report – and breaks out the number of reports involving student athletes as respondent – we would like a copy of that report. If you do not have records responsive to the above, we would request the following: A copy of each Title IX sexual violence complaint filed since Jan. 1, 2012 in which at least one of the respondents is a student athlete. We understand and accept that you might need to redact a significant portion, if not almost all, of the record. But that should not preclude handing over a copy of the document itself, even if it's just a bunch of blacked out lines. State laws usually preclude withholding an entire record if portions of that record can be redacted. We are most interested in the number of complaints and the date on which they were filed, so even if you give us six pages of mostly blacked out text, that still has value for our research. We just ask that it's clear which pages belong to which complaint. Our goal is to determine the percentage of</p>

		<p>Title IX sexual violence complaints that involve student athletes as respondents. There is great interest in this information and we feel it's valuable research. While state records laws cover the release of actual records and not 'information' or the creation of a new document, if it is easier for you to provide the total number of Title IX sexual violence complaints filed by year and the corresponding number of cases involving student athletes as respondents, we would take that instead and withdraw our request. What we are requesting in no way runs afoul of federal or state student privacy laws because we concede to the redaction of all student identifying information. And the category of student athlete is so broad that it in no way identifies any one particular student. If there are any particular caveats to your document retention or categorization of 'sexual violence complaint' that you think would be a problem for our research or for doing an apples-to-apples comparison of other schools, please let us know. We will note each university's response to our request as part of our reporting.</p>

I would like to request: Any and all incident reports, investigations or files pertaining to Dr. Andrew Charles Thoron, the former Undergraduate Coordinator for The Department of Agriculture, Education, and Communications. This includes Title IX investigations and documents. Because of the pressing news nature of our request, and because these documents are readily accessible, we request them by Thursday, Oct. 4, 2019. If you deny this request in whole or in part, I request that you advise me in writing, as required by section 119.07(1)(e) and (f), Fla. Stat., of the particular statutory exemption upon which you are relying and that you state with particularity the reasons for your conclusion that the record is exempt or confidential. If an asserted exemption applies to only a portion of a record, please delete the portion that you claim is exempt and release the remainder of the record as required by section 119.07(1)(d). If the requested records are kept in an electronic record keeping system, then please produce the records in electronic form as required by section 119.01(f). If the records are maintained only in paper form, then please produce them in that form. If the records are maintained in some combination of electronic and paper form, then please contact me and explain which records are kept in which medium so that I can decide the most expeditious manner of accessing the records. The Independent Florida Alligator will pay for the actual "cost of duplication" of the public records as defined by Florida Statutes, section 119.011(1). 10/7/2019	W006362-100719	My name is Dana Cassidy. I am a reporter for The Independent Florida Alligator: Pursuant to Chapter 119 of Florida Statutes, we request: a log of any and all Title IX requests from January 1 2018 to October 7 2019. This includes incident date, reported date location, type of crime and current disposition/status. Because of the pressing news nature of our request, and because these documents are readily accessible, we request them by Friday, Oct. 11, 2019. If you deny this request in whole or in part, I request that you advise me in writing, as required by section 119.07(1) (e) and (f), Fla. Stat., of the particular statutory exemption upon which you are relying and that you state with particularity the reasons for your conclusion that the record is exempt or confidential. If an asserted exemption applies to only a portion of a record, please delete the portion that you claim is exempt and release the remainder of the record as required by section 119.07(1) (d). If the requested records are kept in an electronic record keeping system, then please produce the records in electronic form as required by section 119.01(f). If the records are maintained only in paper form, then please produce them in that form. If the records are maintained in some combination of electronic and paper form, then please contact me and explain which records are kept in which medium so that I can decide the most expeditious manner of accessing the records. The Independent Florida Alligator will pay for the actual "cost of duplication" of the public records as defined by Florida Statutes, section 119.011(1). Please advise me of these costs before taking any billable steps.	Dana Cassidy	Requested Clarification	1/16/2020

10/8/2019	W006366-100819	NOTE: THIS IS A SUPPLEMENT TO PRIOR REQUESTS Reference Nos: W005373-040519 & W005529-042519. I am conducting a law enforcement pre-hire follow up background investigation on THREE former UPD officers, Officer Amanda Spurlin, Officer Susan Melissa Hicks & Officer Wayne Lloyd Clark. We have previously been provided several hundred pages of information on the above three individuals, however we were later informed that some of the information on file with UF/UPD may not have been included as we had not specifically requested "all file notes" for each individual. Please consider this a supplemental request for only "all file notes" on each of the above individuals (there is no need to resend the information previously provided). We are only seeking to ensure that there are not "file notes" that we did not receive in the prior records request. In addition, please find attached a CJSTC Background Waiver form for each applicant. Thank you. 		<p>to the Florida Public Records Law, requests copies of the following: Period: October 1, 2016 to present Scope: 1. The current version of all Institutional Animal Care and Use Committee (IACUC) protocols and protocol reviews related to the training of the University of Florida Gainesville's general surgery residents. 2. IACUC annual reports, reviews, meeting minutes, and other IACUC documentation related to the use of animals for training general surgery residents. 3. Documents that include training schedules that involve animal use for the University of Florida Gainesville general surgery residency program. 4. Documents related to the purchase or acquisition of animals for use in training general surgery residents. 5. All photographs and video footage related to the items above. The Physicians Committee requests a waiver of all fees, including search and duplication costs. The Physicians Committee is a non-profit 501(c)(3) charitable organization that promotes effective, ethical, and compassionate scientific research and education. The purpose of this request for public records is to determine and publicize how the University of Florida carries out its responsibilities under the Animal Welfare Act, 7 U.S.C. §§ 2131–2159, a federal law designed to ensure that animals intended for use in research facilities are provided humane care and treatment. The Act tasks USDA with the responsibility to inspect all federally-defined research facilities at least once per year. This high level of governmental focus on the care and use of animals coupled with USDA's broad authority to enforce the Act definitively demonstrates that this subject area is one of great public interest. The furtherance of effective and ethical medical education and training is of critical importance to the public given that federal and state governments expend hundreds of millions of</p>

		<p>taxpayer dollars in research grants each year. The average citizen does not know whether these taxpayer dollars are expended in a lawful manner or what enforcement steps, if any, are necessary to ensure that research facilities comply with applicable law. Disclosure of the requested records will yield exactly this type of information, thereby contributing to public understanding on this important public interest. The Physicians Committee has no commercial interest in disclosure of these records. Instead the Physicians Committee intends to share all of the records with the public via news releases to various media outlets and by publishing the information on its publicly accessible web site and in its free quarterly publication, Good Medicine. Because the Physicians Committee has no commercial interest in the information, and because disclosure of the records will significantly benefit the public interest, a waiver of all fees is appropriate. The Physicians Committee awaits a prompt response. If you need any further information about this request, please do not hesitate to call or email. Thank you for your assistance. 11/2/2019	W006502-110219	Hello, my name is Dana Cassidy and I am a reporter for The Independent Florida Alligator. I would like to request: a letter of resignation and employee personnel file for Andrew Charles Thoron. Because of the pressing news nature of our request, and because these documents are readily accessible, we request them by Thursday, Nov. 7, 2019. If you deny this request in whole or in part, I request that you advise me in writing, as required by section 119.07(1)(e) and (f), Fla. Stat., of the particular statutory exemption upon which you are relying and that you state with particularity the reasons for your conclusion that the record is exempt or confidential. If an asserted exemption applies to only a portion of a record, please delete the portion that you claim is exempt and release the remainder of the record as required by section 119.07(1)(d). If the requested records are kept in an electronic record keeping system, then please produce the records in electronic form as required by section 119.01(f). If the records are maintained only in paper form, then please produce them in that form. If the records are maintained in some combination of electronic and paper form, then please contact me and explain which records are kept in which medium so that I can decide the most expeditious manner of accessing the records. The Independent Florida Alligator will pay for the actual "cost of duplication" of the public records as defined by Florida Statutes, section 119.011(1). Please advise me of these costs before taking any billable steps.	Dana Cassidy	Completed	12/2/2019

Requesting all materials for any incidents related to the 6 individuals ejected from Ben Hill Griffin Stadium on Nov. 9, 2019 under the jurisdiction of the University Police Department. This would include, but not be limited to, arrest and incident reports, supplements, CAD logs and chats, 911 call audio, and all photos and videos, including body-cam, dash-cam, or surveillance or security. We ask that you provide materials as they become available, rather than waiting until all materials have been gathered. If necessary, you may consider this a formal public records request pursuant to Chapter 119 of Florida Statutes, but not if that process would take longer than an informal public records request. If you deny this request, please advise me in writing as required by the Sunshine Law, of the particular statutory exemption upon which you rely, if the requested records are kept in an electronic record keeping system, please provide them in that format, which is also the law requires. 11/13/2019	W006573-111319	The Alligator has just received the cost breakdown of the Donald Trump Jr. and Kimberly Guilfoyle speaking event last month. Public records show that over \$10,000 was spent by UPD, and UPD billed ACCENT just under \$6,000. Do you mind giving me a breakdown of the cost that was billed to ACCENT and what is included in it? Please let me know if there was any prior arrangement with UPD to handle the event in terms of security, and if the money used to pay UPD was also collected using student fees. Thanks again. Looking forward to hearing from you soon. Best, Ana Escalante	Ana Escalante	Forwarded Request for Processing

HR Communications <hrcommunications@hr.ufl.edu > Subject: How many people does UF hire each year? To who it may concern, I am writing in the hopes that you might be able to share some data that could help me with my project. I am working on a proposal to reduce the overhead of account management for a research data collection tool I manage for UF. One of the metrics that would help me is the number people hired at UF in a typical year. It would probably also help me to have a breakdown by the type of employee, i.e., OPS, OPS technical, OPS student, USPS, Teams, Faculty, etc. These numbers would help me define the value of the changes I am proposing. Do you have any data like that you can share? Perhaps an annual report? Thanks, Philip Philip B. I am reaching out to ask about when (what year) the University of Florida began using standardized tests (the SAT and/or ACT) as part of its undergraduate admissions process. If you have that information, can you please share it with me? Thanks in advance. Best- Karen Kalnins@upjohn.org	Karen	No Responsive Records	1/7/2020

12/11/2019	W006726-121119	<p>Dear Open Records Officer,</p> <p>Please consider this a request under Florida's open records laws. I would like to obtain a copy of each current contract between The University of Florida and a television network that governs the right to broadcast your school's sports games on that network. Television networks may include, but are not limited to, ESPN, FOX, CBS, NBC, ABC, the SEC Network, or any local affiliate of these networks. Additionally, if one or more of the current contracts to broadcast The University of Florida's sports games is between the Southeastern Conference (SEC) and a television network, please provide a copy of that/those contract(s) as well. Please send the contracts on a rolling basis as they are identified. I agree to incur costs up to \$150 in connection with this request. If the costs exceed that amount, please contact me before proceeding. Please provide me with electronic copies, if available. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information. If this request was sent to the wrong department/division or if the records requested are in the possession of another department/division, please: 1) provide me with the contact information for the correct department/division and/or 2) forward this request to the proper Records Custodian within the appropriate department/division. Thank you for your assistance with this matter.</p>	Matthew Cuccias	Exemption Denial	12/18/2019

12/18/2019	W006742-121819	<p>Hello! I'm a reporter for The Chronicle of Higher Education. I would like to request correspondence between representatives of PepsiCo or the PepsiCo Foundation and the University of Florida Foundation, regarding PepsiCo's desire to fund research into the health of low-income and minority populations. Please search correspondence dating from 2005 to the present. Here's a news item I hope will help you find some items that are of interest to me: https://philanthropynewsdigest.org/news/pepsico-foundation-awards-1.1-million-to-university-of-florida-for-healthy-living-program I'd like correspondence that would show how the idea for that grant came about, and the grant's ultimate fate (i.e., did the PepsiCo Foundation end up dispersing the entire amount? Why or why not?). In addition, if there is correspondence about PepsiCo being interested in other minority health research projects at UF, outside of that grant, I would like to receive that, as well. If there are fees associated with this request, I'd like to request a waiver as a member of the news media. If you can't grant me a waiver, please tell me your estimated fee and please don't proceed without my agreement if the estimate exceeds \$25. Thank you for your office's quick and helpful work in the past. If there's anything else I can do to make this request easier and faster for you, please let me know.</p>	Francie Diep	Completed	12/18/2019

12/26/2019	W006754-122619	I am a faculty member at Drexel University writing to request information from the University of Florida (UF). I am performing a comparative study of student-athlete biometric data collection practice policies within the NCAA's Power Five Conferences. As such, I am contacting you to inquire about UF's policy. Although UF's Athletic Department is a direct support organization exempt from Florida's public records law, I am still hoping that the entity will review and respond to my request. Therefore, I am requesting electronic copies of the following: Any and all policies or similar items, whether formal or informal, related to the institution's athletic department collection of student-athlete biometric data involving a student athlete's (or similarly situated individual's) physical, physiological, and psychological characteristics, metrics, output, or performance data through wearable technology or technology embedded in clothing and/or equipment.
