1/18/2017	<a href="#">W002522-011817</a>	Misophonia is an oversensitivity to certain sounds that can result in distraction of the person. This disability can limit the individual's ability to concentrate, think, and learn, which can have a serious impact on a university student's success. This project will survey faculty from nine state universities in the state of Florida who instruct undergraduate courses concerning their awareness and willingness to make accommodations to consider the needs of students diagnosed with Misophonia. In order to receive as many responses as possible and to adequately represent university level educators in the state of Florida, this survey will be emailed to all faculty who are instructing undergraduate courses. Could you send me a list of UF faculty members emails that teach undergraduate courses at UF? If not, could you send me a list of UF faculty members emails?	Emon Alavi	Completed	2/9/2017

1/19/2017	<a href="#">W002523-011917</a>	<p>I am writing to request records of the budget for the University of Florida's university choir, orchestra, and band program for each year from 2000 to 2016, pursuant to the Public Records Act, Chapter 119 of the Florida Statutes. I am writing to request records of the budget for the University of Florida's university choir, orchestra, and band program for each year from 2000 to 2016, pursuant to the Public Records Act, Chapter 119 of the Florida Statutes. This request includes copies of every document related to the matter, regardless of the format in which the information is stored. Even if the emails are deleted, they should still be on the server. If this information is denied, Chapter 119 requires you advise me in writing and indicate the applicable exemption to the Public Records Act. Also, please state with particularity the reasons for your decision, as required by Section 119.07(2)(a). If the exemption you are claiming only applies to a portion of the records, please delete that portion and provide photocopies of the remainder of the records, according to Section 119.07(2)(a). I agree to pay the actual cost of duplication as defined in Section 119.07(1)(a). However, if you anticipate that in order to satisfy this request, "extensive use" of information technology resources or extensive clerical or supervisory assistance as defined in Section 119.07(1)(b) will be required, please provide a written estimate and justification. I request these records be available within two weeks. If a request cannot be completed in this time, please let me know why and how long it will take. If you have any questions or need more information in order to expedite this request, please call me at (954)-226-7021 or email me at <a href="mailto:rellenbogen@alligator.org">rellenbogen@alligator.org</a>.</p>	Romy Ellenbogen	Completed	2/8/2017

We are aware that destruction of public records is a violation of Florida Statutes, i.e., at the minimum Official Misconduct. I have reason to believe that at least one, if not more, emails between Jeremy Foley and Jamie Keith were not produced by Ms. Keith. We therefore again request a copy of all emails between Jeremy Foley and attorney Keith between October 1, 2014 and February 1, 2015.	Huntley Johnson	No Responsive Records	3/8/2017

2/24/2017	<a href="#">W002643-022417</a>	On February 24, 2017 we received a supplemental response to request W002525-012017 which requested the following "I am requesting any and all emails and texts using UF email servers and addresses or non-UF servers and addresses or other systems between Jamie Lewis Keith and Winfred Phillips between December 1, 2015 through March 31, 2016." The production provided February 24 purports to be 2 text messages. Said "texts" were provided as a Word document in the medium of .docx. Florida Statute §119.01(2)(f) requires that the University (in this case) "must provide a copy of the record in the medium requested if the agency maintains the record in that medium...." As we have previously received text messages as screenshots (i.e., the appropriate medium), we are aware that the University keeps texts in said medium. 2/27/2017	<a href="#">W002648-022717</a>	<p>Greetings, My name is Corey Johnson and I'm a reporter with the Tampa Bay Times. Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I respectfully request to be provided copies of the personnel files and any internal administrative investigations of the following individuals who formerly worked in some capacity at the University of Florida. The individuals are as follows: 1. Elvin Baxter Jr., DOB: 01/06/1970 2. Isaiah A. Clark, DOB: 05/10/1988 I'm requesting said documents to be given to me as PDFs. If email is too big, then my second choice would be to receive the records on a CD or DVD. If there are any fees for searching or copying these records, please inform me before filling my request. I am willing to pay fees for this request up to a maximum of \$ 50. If you estimate that the fees will exceed this limit, please inform me first. I request a waiver of all fees for this request since the disclosure of the information I seek is not primarily in my commercial interest, and is likely to contribute significantly to public understanding of the operations or activities of the government, making the disclosure a matter of public interest. Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by s. 119.07(1)(d), F.S. I will contact your office within a week to discuss when I may expect fulfillment of my request, and payment of any statutorily prescribed fees. Thank you for your attention to this request. Please do not hesitate to contact me at 916-346-8584 or cjohnson@tampabay.com if you have any questions. 		<p>Denver, including to and from the email account john.c.peters@ucdenver.edu. I would like to receive the information in electronic format, preferably via DropBox. I note that under the Act, "an agency must provide a copy of the record in the medium requested if the agency maintains the record in that medium." Fla. Stat. § 119.083 (5). I ask that you waive any and all fees associated with this request. I am making the request as an AP reporter and this request is made as part of newsgathering. Release of the information will primarily benefit the public because it will contribute to understanding of nutrition research. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed \$50. I remind you that a public body may not collect more than "actual cost of duplication," which "means the cost of the material and supplies used to duplicate the record, but it does not include the labor cost or overhead cost associated with such duplication." Fla. Stat. § 119.071(a). If this request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act, and inform me of appeals procedures available to me under the law. I also expect you to release all segregable portions of otherwise exempt material. I reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I ask that this request be acted upon as soon as possible. Under the Act, "if a civil action is filed against an agency to enforce the provisions of this chapter and if the court determines that such agency unlawfully refused to permit a public record to be inspected, examined, or copied, the court shall assess and award, against the agency responsible, the reasonable costs of enforcement including reasonable attorneys' fees." 4/4/2017	<a href="#">W002748-040417</a>	Hello, Cindy Sanders our Alachua County extension agent is requesting a meeting with Mackenzie, Amanda and myself. It seems she thinks that Mackenzie (Not the other Alachua county representatives that were aware of the situation) deserves a much more severe punishment for her bad judgement at 3rd Exec board than what you wisely chose to hand down. I am requesting a copy of the incident report so that I can go into this meeting informed on the situation. I can not tell you how much I appreciate your	Robin Douglas	Completed	4/12/2017

		<p>mature handling of this situation. By no means do I think my daughter is an angle that walks on water. She has made a few poor choices in her short life. 4H has always been our go to solution to help her work through these bad decisions. I raised three awesome kids totally embracing 4H in Clay county from 1994 to 2000. These adults are all a shining example of what 4H can do to help kids become prosperouse adults. Why Ms Sanders feels that taking away everything Mackenzie has worked so hard for as a consequence in this matter is beyond me. From Mackenzie's stand point I see it as a punishment for what she as a youth thought her best friends were on the same page by not turning him in and then when they did with out telling her it was about teenage jealousy. Savanna's relationship with this boy should warrant some looking into. The positive outcome is that she has learned a very valuable lesson about relationships and consequences. The negative consequence would be for 4H to turn its back on her and kick her to the curb after so many years of hard work and devotion with a goal of being a leader in the 4H community. As we go into our 7th year of very active participation (Only our whole life) in this program it breaks my heart to see her giving up and hurt over what is being said about her. I would like to point out that Mackenzie came home from the weekend with a fever of 102 that lasted for three days. I was very disappointedthat the chaperone did not address this and had no clue how sick she was when i picked her up from our meeting spot in Alachua. My guess is that she being a very young nieve mother has made the wrong assumption that it was the "Drugs She took" I assure you that after my husbands interrogation (40 years of Police work) she had not taken or handled any drugs. Sincerely Robin Douglas</p>

4/5/2017	<a href="#">W002750-040517</a>	<p>Pursuant to Florida Statute, Chapter 119, I hereby make a Public Records Request for any and all video and still photographs in your possession for the date of March 18, 2017 from 12:00 p.m. until 3:00 p.m. at the location more particularly described below and in the attached pictures. The substance of the video we are seeking is an assault/battery on a male teenager by another male teenager on the ramp heading into the stadium at Gate 18. In the video, near the young males should be an adult male (50's), and adult female (50's) breaking up the fight and possibly a younger girl with a dog. I learned today and investigator with the University Police Department, Emma Leach, recently obtained a copy of the video from 12:00 to 2:00 on the same matter. We are requesting the video from 12:00 until 3:00 p.m.. My client was injured badly and has over \$11,000.00 in medical bills from the battery and we are seeking the proof to show the perpetrator of this act. As we discussed, my client is not seeking this information for any claim or lawsuit against the University of Florida or any governmental agency involved in any way with the stadium or the University. We are seeking proof of the battery by the individual. Should you require payment for the copy of the video/pictures please notify me and I will send prompt payment. Any questions or concerns regarding this request should be directed to my attention. Thank you in advance for your cooperation on this matter. Daniel A. Mowrey 2801 N. Please transfer these records electronically, if possible and in a timely manner. As you rightly point out, that would include the contract and other documents you referenced in your email. As I'm sure you are aware, public records requests must be answered in a timely manner, (usually 10 days), in Florida. My request was also for any public record or available information regarding an appeal to this contract termination. Several people involved in forwarding my request to you have taken time to ask "higher ups" or were out of the office. I have been trying to gain information about the contract termination since April 3rd, so as to appeal. No one has addressed the appellate process or the time frame in which my clients can appeal. The delays of CMS or PED-I-CARE should not dispose my clients of timely appeal. As you are an attorney, I'm sure this legal point is not lost on you as it may have been on lay persons. My clients hold several licenses and the facts that you outlined as to the reason for the contract termination seem not to include this consideration. They believe their contract was erroneously terminated without cause because of confusion as to their various licenses. We request an opportunity to speak with you regarding this contract termination. Certainly, I also request any appellate procedures, forms, and process for same. I have attached an MS Word formatted copy of the email that I sent from my tkelly0962@gmail.com account. The self-identified dean of the African American Studies department, Dr. Sharon Austin, told me when I was conversing with her at Walker Hall that she deleted her email right after she read it because there was nothing substantial or pertinent to her in it, so could you also confirm this delete as well. The content of my email refutes that I am a hate inspired troublemaker. I also made this request to the General Records Request. Tom Kelly.</p>	Thomas Kelly	Completed	5/2/2017

4/21/2017	<a href="#">W002804-042117</a>	On April 14, 2017 I received a response to Public Records Request W002580-021317. Request W002580-021317 was as follows: ""I am requesting any and all cell phone records and / or bills for cell phones used by Jamie Keith (showing both phone calls and text messages) from October 2006 to present." The response sent by the University has 19 files attached. Each file contains 230 bytes which I have been informed is typically the size of a file containing nothing but an Icon (i.e., there is no substance attached to any files we received). I hereby renew the same request for any and all cell phone records and / or bills for cell phones used by Jamie Keith (showing both phone calls and text messages) from October 2006 to present and request that said files be sent as PDF files and not URL "files", as was done in the April 14, 2017 response. 		<p>provided a response to public records request # W002612-02221. Said request was as follows: "I am requesting any and all emails, text messages and / or iMessages sent on University issued cell phones and / or servers or non-University issued cell phones and / or servers sent or received by Jamie Lewis Keith and / or any member of the Board of Trustees from December 7, 2016 to February 21, 2017." The response I received had two (2) files, one image of a text message and a PDF containing 150 pages of emails. Said emails contain a very large amount of redactions. I am requesting these same 150 pages of emails be produced with no redactions due to the governing laws of the State of Florida. I assume that Ms. Keith was the one that redacted these emails. My understanding of the governing law suggests that these redactions may have been inappropriate. As the Attorney General of Florida stated, [t]herefore, communications regarding school business between individual members of the school board and the school board attorney are not privileged communications since it is the school board as a collegial body that is the client, and these meetings are subject to the Government in the Sunshine Law. Op. Att'y Gen. Fla. 97-61 (1997) at 4. I understand that communications "between a public board and its attorney are generally subject to the requirements of the Government in the Sunshine Law, section 286.011(8), F.S., provides a limited exemption for certain discussions of pending litigation between a public board and its attorney." Op. Att'y Gen. Fla. 2013-13 (2013) at 2. Therefore it seems to me that the only exemptions regarding these 150 pages would be found in § 286.011(8). The University of Florida puts the following online regarding this issue at <a href="http://generalcounsel.ufl.edu/media/ufl.edu/content-">http://generalcounsel.ufl.edu/media/ufl.edu/content-</a></p>

		<p>assets/generalcounselufledu/documents/SynopsisofFloridasOpenGovernmentLaws.pdf which is as follows: "Written communications between an agency attorney and client generally are not protected under the attorney-client privilege in Florida. An important exception is written communications prepared by or at the direction of the attorney which reflect mental impressions, conclusions or litigation theory or strategies of the University. These exempt communications must have been prepared exclusively for litigation or in anticipation of imminent litigation. The exemption only applies until the conclusion of the litigation. The fact that there is no general attorney-client written communication privilege in Florida means that the attorney must confer with an agency client and render advice orally in many instances to avoid sensitive written communications possibly being subject to public disclosure. Likewise, there is no blanket attorney-client privilege for conversations between a public board or commission and its attorney. This has not been a problem at the University inasmuch as the attorney can confer with the president or a vice president as the case may be, thus never triggering the existence of a board or commission. As one can surmise, the Public Records and Sunshine Laws in our State are two of the broadest in the nation. Because this summary is strictly an overview of the law, you will need to confer with legal and other advisors as particular questions arise concerning Florida's open government laws. In any event, it behooves the University to fully understand and respond appropriately to any requests for documents or access to meetings in order to avoid legal sanctions and, moreover, credibility loss in the eyes of our various constituents." I also seek copies of all prior and subsequent agreements made for any purpose between those two non-profit organizations and any individuals acting in their behalf to pursue what has been referred to as a shared vision. This request will be waived if I, the Foundation, and Shands can come to an agreement on that main claim, within the next weeks, on or before July 15, 2017. I certainly will listen to any reasonable requests for extension of time for resolution of our differences. The main claim can be likened to an allegation of felony in the first degree. The other claims can be compared to misdemeanors. One arises from a conspiracy between and among individuals acting for the Sebastian Ferrero Foundation, the University of Florida Museum of Natural History and the McGuire Center for the Study of Lepidoptera and Biodiversity, and the City of Gainesville, to allow the Foundation to use a butterfly in its trademark, while interfering with trademark approval promised to the Butterfly Education Project on Dec. 4, 2008. Perhaps you have seen the Butterfly City signs around the perimeter of this community. The second is simpler. UF Health in 2015-17 pursued debt collection from one of its former patients, starting two months after the corporation knew or should have known that she died. The details are set forth in the attached Offer of Settlement. This offer and these related papers are being circulated for the moment only to those who have a connection to one or more of the claims, either as a responsible party or attorney, or as someone who has knowledge of these transactions, for instance Ana Moros-Hanley, a Shands resident and physician for Sebastian Ferrero in 2007. 6/30/2017	<a href="#">W002985-063017</a>	Hi Janine, I'm requesting a series of records listed below regarding a 2017 fiscal year Florida Legislature state appropriations request for Algebra Nation and Math Nation. This request seeks records from 12/01/2015 to the date of this request. I am requesting these records in a digital form. Specifically, I am requesting: 1. Any contract/agreement/letter of understanding with University of Florida Lastinger Center for Learning regarding the specific appropriations. 2. All correspondence, including email, memos and letters with University of Florida Lastinger Center for Learning specific to this program and appropriation. 3. All payment records including invoices, requests for payment, disbursement of funds to University of Florida Lastinger Center for Learning. 4. Progress reports/project reports or any correspondence about the program's activities as required under any agreement or agency practice, including audits. Please let me now that you've received this request and send back any questions to me via email. I expect to receive documents responsive to this request in one week's time. If that is not possible, please send me a detailed explanation of the reasons. Thank you for your time and help. 7/5/2017	<a href="#">W002993-070517</a>	Under the Florida Public Records Law, we formally request that your office provide us with public spending information, including both capital and operating expenditures, for payments made by or on behalf of The University of Florida during fiscal year 2017. Specifically, for any payee other than a regular employee or student paid a cumulative total amount of more than \$5,000, we seek the payee name, address and the cumulative total dollar amount paid to the subject payee over the relevant time period. The \$5,000 threshold was established to minimize reporting for respondents. This is the same information that your office was kind enough to provide via email for fiscal year 2016. The information is to be used for research aimed at identifying patterns of spending by public entities. No part of the data will be used as a mailing list and your supplying the information cannot be construed as an endorsement of either your payees or our work. Of course we are willing to reimburse your office for any reasonable expense incurred in preparing the requested information if an estimate of costs is provided for our approval before the work is performed. We would prefer to receive the data in CSV, text, PDF document, Excel spreadsheet attached to an email, via File Transfer Protocol to our secure server, or on PC-formatted media sent by mail. Should you have questions or need to advise us to redirect this request, we can be reached at 800-810-3846 or via e-mail at HigherEd@acmeresearch.com. 7/7/2017	<a href="#">W002998-070717</a>	<p>The purpose of this request is to clarify request # W002997-070717 which was filed on my behalf without my express consent. I maintain that the specific text of request # W002997-070717 is a records request under the FERPA legislation and the public records request mention later in the email from which the request was filed contained substantially different text. The request under the Florida public records law is as follows: &lt;br /&gt; Records "created/generated, maintained, and/or accessible by the DHNet office ... to the broadest possible extent permissible under the law" related to me (Christopher Greulich) that are determined to not fit the classification under FERPA through exclusion in 34 CFR 99.3 or other statutes. As the classification of what is student record is rather broad and the exceptions are rather narrow under 34 CFR 99.3, therefore, I expect this sunshine state public records request to generate no responsive records. This request is merely a measure to limit any bad faith in the separately mentioned FERPA request, where upon classification of records is done in a manner to attempt to withhold said records. Additionally this measure is in response to the disclosure of personal identifiable information and potential educational records in records request # W002125-061616, especially given the altered classification for similar material in # W002604-022017. As the University has applied the policy outlined in the FERPA legislation related to disclosure of student information inconsistently I merely wish to cover all my bases.</p>	Christopher Greulich	Completed	10/5/2017

7/21/2017	<a href="#">W003029-072117</a>	<p>I'm doing some research for a potential story and want to make a records request. At the Board of Governors safety and security summit at USF last month, a speaker mentioned a crazy statistic: that of 15,000-plus overdoses involving prescription opioids in 2016, an estimated 37 percent were college students. I don't know the source of his data, but the figure was pretty astounding. Here's what I'm looking for at UF and other Florida schools.</p> <ul style="list-style-type: none"> <li>- Does UF track drug overdoses? Does it track overdoses by substance, such as opioids or its sub-categories?</li> <li>- In 2014, 2015 and 2016, how many drug overdoses were reported or recorded at UF?</li> <li>How many opioid overdoses? - In those three years, have any overdose deaths been recorded? Specifically, any opioid overdoses? I'm also curious about how UF may be adapting some of its care to deal with the presence of opioids on campus. Does it have education, outreach and/or a recovery program, for example? Are officials equipped with the anti-overdose naloxone? (There's a good WSJ article about colleges responding to this crisis that I found interesting: <a href="https://www.wsj.com/articles/colleges-take-action-on-opioid-epidemic-1494158403">https://www.wsj.com/articles/colleges-take-action-on-opioid-epidemic-1494158403</a>)</li> </ul> <p>Thanks! Please give me a call if you want to talk any of this over. Claire Claire McNeill Tampa Bay Times (o) 727-893-8321 (c) 856-371-1536 @clairemcneill</p>	Claire McNeill	Completed	7/24/2017

8/3/2017	<a href="#">W003067-080317</a>	I hereby request the documents that were generated in response to public records request W003058-073117. Said request generated a response from the University of Florida on August 1, 2017 which contained two (2) PDF files and a link to over two-thousand pages of documents. Said link was set to expire in twenty-four hours. We would suggest this limitation of access to the documents prevents open access to said documents and is contrary to the spirit and the letter of the law provided in Chapter 119, Florida Statutes. Therefore, we request that said documents be provided again, by file or by link. If by link, we would request that said link be accessible for at least seventy-two (72) hours after it is made available.	Huntley Johnson	Completed	8/7/2017

Secs. 119.01 to 119.15, I write to request access to and a copy of all open records request letters submitted to the school this calendar year (since Jan. 1, 2017). Please include any information requests that may not have been originally considered open records requests but were ultimately classified as such. We may have an interest in what was produced in response to the requests. But for now, we're only interested in the actual requests, and please include all inquiries, not just to the athletics department. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address. I agree to pay any reasonable copying and postage fees of not more than \$50. If the cost would be greater than this amount, please notify me. Please provide a receipt indicating the charges for each document. I would request your response within ten (10) business days. If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption (s) upon which you rely. Also, please provide all segregable portions of otherwise exempt material. I would note that willful violation of the open records law can result in your being fined up to \$1,000, imprisoned for up to one year, or both. See Fla. Stat. Sec. 119.10. If an annual report is not available, all four quarterly reports from each of the last three years would also be acceptable. I also request a revenue breakdown of each of your separate University marks and athletic marks. If there are any revenues associated with "retro gear" or "throwback" apparel, I would like to request a revenue breakdown of those marks/apparel as well. Please let me know if you need any additional clarification for this request, or if any fees would apply. Digital reports may be emailed to ryarmbru@umich.edu. Digital is the preferred method, if printed copies need to be mailed they can be sent to 932 Greenwood Avenue, Ann Arbor, MI 48104.	Ryan Armbruster	Completed	9/27/2017

11/6/2017	<a href="#">W003503-110617</a>	Here is the data request I'd like to make. Basically, I'd like to know how much each college spends on their undergraduate programs. So, this should include only colleges with undergraduate programs (ie not Dentistry, Law, etc.) I write to request access to and a copy of University of Florida's operating budget for undergraduate programs across each college for the past five years and a breakdown of how each college has allocated the money. In other words, what is the total amount of money each college received in the past five years for undergraduate programs and how did they spend it? Additionally, when looking at the original data, I noticed the spending per student in the College of Agriculture and Life Sciences was extremely high. I was wondering if there was an extra charge for that college, like an IFAS charge, that drove the budget up. If so, could you remove it or let me know what it is in the data? I'd like to determine spending per student for each college, so I'd like the components of each budget to be as equal as possible to make a fair comparison. Stat. § 119 (the "Act"), and under the common law right of access. I am making this request in my capacity as a full-time journalist with The Associated Press. Pursuant to the Act, I am requesting copies of emails, letters, memoranda or other correspondence responsive to the following search parameters: Date range: August 1st, 2017 - October 19th, 2017 Keyword List: white nationalist, white supremacist, NPI, Spencer, Padgett, Bristow, McLaren Mailbox Owner: University of Florida President Kent Fuchs I would like to receive the information in electronic format. I note that under the Act, "an agency must provide a copy of the record in the medium requested if the agency maintains the record in that medium." Fla. Stat. § 119.083(5). I ask that you waive any and all fees associated with this request. I am making the request as an AP reporter and this request is made as part of newsgathering. Release of the information will primarily benefit the general public because it will contribute significantly to the public understanding of how the</p>	Michael Kunzelman	Waiting for Payment	4/2/2018

		<p>nation's public colleges and universities are balancing First Amendment rights with campus safety concerns after the violence at a white nationalist rally in Charlottesville, Virginia, in August. If you deny this request for a fee waiver, please advise me in advance of the estimated charges if they are to exceed [\$50]. I remind you that a public body may not collect more than "actual cost of duplication," which "means the cost of the material and supplies used to duplicate the record, but it does not include the labor cost or overhead cost associated with such duplication." Fla. Stat. § 119.071(a). If this request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the Act, and inform me of appeals procedures available to me under the law. I also expect you to release all segregable portions of otherwise exempt material. I reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. I ask that this request be acted upon as soon as possible. Under the Act, "if a civil action is filed against an agency to enforce the provisions of this chapter and if the court determines that such agency unlawfully refused to permit a public record to be inspected, examined, or copied, the court shall assess and award, against the agency responsible, the reasonable costs of enforcement including reasonable attorneys' fees." Fla. Stat. § 119.12(1). As I am making this request as a journalist and the information is of timely value, I would appreciate your communicating with me by telephone [225-343-1325] or e-mail [mkunzelman@ap.org], rather than by mail, if you have questions regarding this request I would appreciate your handling this request as quickly as possible, and I look forward to hearing from you. (Documents here might include but are not limited to emails and text message, of course, but also logs of phone calls, private messages on social media, personal emails, handwritten notes, memos from meetings, drafts of public statements, and so on.) I know this is a broad request, so let me offer some ideas to help narrow it. 1) I believe the relevant figures in the department may include (but are not necessarily limited to) Scott Stricklin, Kevin O'Sullivan, Craig Bell, Brad Weitzel, Buddy Monroe, Mary Howard, Steve McClain, and Dan Apple. While they are not in the athletic department, I believe W. Kent Fuchs, John Hines, and Janine Sikes may also have relevant documents -- please include them in this request. 2) I believe the relevant date range is between June 1, 2017, and the day this request is filled. 3) I believe relevant search terms might include one of the following: "White House," "whitehouse," "Washington," "capital," "Oval Office," "president," "pres.," "prez," "Trump," and "champions day." I am a journalist for several national publications. (See a list here: <a href="https://craigfehrman.com/about/">https://craigfehrman.com/about/</a>.) 11/26/2017	<a href="#">W003566-112617</a>	I have searched university Fact Books, the Common Data Set, and NCES for this information but have not found it and am therefore making public records requests. Please take this email as my request for any records which cover the number of students by program of study by demographic data by class year for each year from 2000-2017. Where program of study is academic department, program, declared major, or similar academic affiliation of the student. Where demographic data means gender/sex/gender identity, racial or ethnic identity, or other student identity information collected. Yes, this is an expansion of the original request which was just for gender-based demographic data. Where class year means freshman/sophomore/junior/senior/etc. or year-enrolled cohort, or any other demarcation of student academic progress. Where each	Alison Stanton	Completed	11/30/2017

		<p>year from 2000-2017 means a point-in-time count whether it be fall enrollment, 15th day of the semester enrollment, end of semester enrollment, spring enrollment, graduation data, or other time period the university collected information at, as long as that point-in-time is clearly identified. Further, I am adding to my request any records that report the number of students changing from one major to another by year(or other time period) from 2000-2017. Only records which indicate "originating" major to "new" major are responsive to this request. If both the previous and "new" major are not available in connection then the record is non-responsive. Here is some additional scope to limit the request, if it is helpful for you: I would prefer NCES term definitions and methodology but will take whatever definitions the university has used for reporting. It is okay if the methodologies have changed between the 2000-2017 period (NCES definitions have changed, for example) as long as each methodology is clear and demarcated. I am only interested in undergraduate records. I would prefer to get university-wide records but I will take reports generated for individual departments if university-wide records are not available even if records were generated for some, but not every department. If there are responsive records that are more granular (i.e. there is another data dimension to the report/analysis/memo/record that was generated) than my request but I could add/aggregate them to get to my requested information, those records should be considered responsive to this request. I would prefer aggregate totals to records which are a student per line/record. (Please note, I am specifically NOT requesting PII, but I do understand that some information may be on a student-by-student basis where the easiest way to respond to this request is to just delete any PII columns from a</p>

12/26/2017	<a href="#">W003666-122617</a>	Pursuant to the state open records act, I request access to and copies of the following records for your university: 1. An index(s), list(s) or table(s) of all settlements, severances and arrangements reached between your institution, as well (but not excluding) associated entities (state, foundations, etc.) or insurance schemes, from January 1, 2007 to present day. Specifically, I am interested in settlements, severances and arrangements entered into as a result of a dispute or complaint -- and regardless if those disputes or complaints were dealt with judicially, through arbitration, internally or some other manner. Likewise, I am interested in both settlements, severances and arrangements that resulted in both monetary disbursements and non-monetary arrangements. 2a. I request payment records of all monetary disbursements that were the result of settlements, severances and arrangements outlined in request 1. Also please I request a copy of term sheet or final arrangement document related to the original dispute(s). 2b. For non-monetary arrangements, please provide the copy of term sheet or final arrangement document related to the original dispute(s) outlined in request 1. 3a. For settlements, severances or arrangements reached as a result of non-federal lawsuit, I request you provide a copy of the original complaint or petition that initiated the settlement, severance or arrangement. 3c. For settlements, severances and arrangements reached as a result of any other dispute or complaint (including, but not limited to, arbitration, internal deliberations or some other manner) as outlined in request 1, I request you provide a copy of the original complaint or notification that initiated the settlement, severance or arrangement. 4. If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. I will also expect you to release all segregable portions of otherwise exempt material. I, of course, reserve the right to appeal your decision to withhold any information or to deny a waiver of fees. 5. I am also requesting any lookup tables, field layouts code sheets or other documents needed to interpret the data. If there will be a cost for processing this request, please contact me in advance. I would like an itemized list of the request costs, including the number of hours expected to produce the file and the hourly rate of the employee who would be doing the work. 12/28/2017	<a href="#">W003668-122817</a>	Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I am requesting an opportunity to inspect or obtain copies of public records that detail financial settlements related to sexual harassment and/or sexual assault allegations by or against students, faculty and staff at University of Florida. I am looking specifically for settlements made in calendar 2016 and 2017 related to sexual misconduct. As the money would have come from a public university, I believe the details of such settlements -- including, but not limited to, the dollar amount, other settlement terms and parties involved -- would be in the public interest. If the names of parties are not considered part of the public record, then I would ask that the university division or department be disclosed. 1/23/2018	<a href="#">W003733-012318</a>	Please forward all data and correspondence from UF Dental personnel that led to your posting and disseminating that slanderous information to UF Dental personnel. At what point did I ever engage in any activity that could be considered threatening other than rendering extremely accurate personality profile assessments of some senior UF Dental personnel? As noted, if they were threatened by my free speech it was only because of what they knew to be true about themselves. Not only are they incompetent but they are lying cowards as well. Cockerel scatology at its finest. Don't be bashful. I want names, dates, times, places and witness statements. Please do not underestimate my resolve to get to the bottom of this matter. I am highly offended and quite angry but shall remain the coolest head in the equation. I'm not done yet. Be advised. Please include all documentation referencing the termination of Fong Wong DDS and her treatment of me while you're at it. Thank you in advance.. I see your cell number below. 1/23/2018	<a href="#">W003735-012318</a>	<p>At approximately 3AM, on Sunday January 2st, my daughter, Megan Wesley was awoken by an aggressive police knock at her dorm room door. She opened the door after being sound asleep to find that a 911 call was made from her room. After looking around the police officer left, but soon came back in and was looking for her roommate Hannah Kiefer. The officer needed to know the last time Megan talked or new of Hannah's whereabouts. Megan assumed she was with her boyfriend as this is the case where she normally stays. The officer had Megan text Hannah to see if Hannah was OK and if she would disclose her location. Hannah gave the address where she was staying and kept apologizing that it was all a misunderstanding and that she was fine. The officer found it weird that Hannah would not call Megan only text, but soon left as Megan's dorm was secure. I'm concerned as is Megan, this story does not add up. If Hannah called in a distress phone call why did the police end up at Megan's dorm when she was at a different location. I would like to see this police report so I can identify how the 911 call was placed and what was reported. I'm hoping this is not one of those prank calls that has been happening lately.</p>	Michelle Wesley	Completed	1/24/2018

1/31/2018	<a href="#">W003777-013118</a>	?I would like to request documents regarding the recent Assistant Director internal search at GatorWell Health Promotion Services. The search ended with the promotion of Alicia Baker, Health Promotion Specialist to the role of Assistant Director. Specifically, I would like to receive: (1) a copy of the application packets reviewed by the search committee including letters of recommendations, resumes, performance reviews, etc.; (2) e-mails sent or received by Darcie Burde (Associate Director, RecSports), David Bowles (Executive/Senior Director, RecSports), Monica Webb (Program Director, GatorWell Health Promotion Services) regarding the search or the staff members who applied sent between October 1, 2017 and January 23, 2018; (3) a copy of the job offer letter sent to Alicia Baker with the promotion salary; (4) interview itineraries and feedback by interviewers provided to the search committee. Please provide records as separate files by number of the request. In past requests, I have received records that were scanned incorrectly and out of order, making it impossible to connect the documents. This was previously requested at records confirmation number ? W003738-012318. I searched for this record number for an update, no records were found.		Completed	2/8/2018

3/2/2018	<a href="#">W003883-030218</a>	<p>Thank you for taking the time to speak with me yesterday about Smart Structures, Inc. As discussed, the State of Wisconsin, Division of Securities ("the Division") is investigating the solicitation and sale of shares of common stock and warrants of Smart Structures, Inc. ("Smart Structures") to Wisconsin residents in 2012. We are investigating to determine their compliance with the Wisconsin Uniform Securities Law (Wis. Stats., Ch. 551). Based on information and documents we've obtained, we understand that Smart Structures and its former President, Thomas Chiarella, entered into a license agreement with the University of Florida Research Foundation ("UFRF"), under which UFRF granted a license to Smart Structures to use UFRF's licensed patents. We also have information that on or about January 7, 2009, UFRF issued a Notice of Termination to Smart Structures, but that the notice was later made null and void. I am curious as to what information UFRF can share with the Division about any outstanding amounts owed by Smart Structures to UFRF, and any termination, if applicable, of any contract or agreement between Smart Structures and its previous affiliates and UFRF. I am hopeful that the UFRF is able to share with me information from its file, as it will help to shed some light on the business practices of Smart Structures.</p>	Chad MacHolz	Exemption Denial	3/19/2018

3/12/2018	<a href="#">W003917-031218</a>	Pursuant to the state open records law Fla. Stat. Secs. 119.01 to 119.15, I write to request access to and a copy of I am a University of Georgia student journalist making this request on behalf of ESPN. Under Alabama state law I am requesting the following: A copy of any reports on Title IX sexual violence complaints that would include a total number of complaints filed from Jan. 1, 2012. If it helps for clarification, we are looking for any reports the Title IX office puts out at the end of the calendar or academic year that tally the volume of complaints, dispositions, etc., from which we can derive a total number of complaints filed within that time. A copy of any reports on Title IX sexual violence complaints that would include a total number of complaints filed from Jan. 1, 2012, that involved student athletes as respondents, where student athlete is defined as someone on the roster within that academic year of team of an NCAA sport. Again, if the Title IX office compiles such a report – and breaks out the number of reports involving student athletes as respondent – we would like a copy of that report. If you do not have records responsive to the above, we would request the following: A copy of each Title IX sexual violence complaint filed since Jan. 1, 2012 in which at least one of the respondents is a student athlete. We understand and accept that you might need to redact a significant portion, if not almost all, of the record. But that should not preclude handing over a copy of the document itself, even if it's just a bunch of blacked out lines. State laws usually preclude withholding an entire record if portions of that	John Durham	Completed	5/1/2018

		<p>record can be redacted. We are most interested in the number of complaints and the date on which they were filed, so even if you give us six pages of mostly blacked out text, that still has value for our research. We just ask that it's clear which pages belong to which complaint. Our goal is to determine the percentage of Title IX sexual violence complaints that involve student athletes as respondents. There is great interest in this information and we feel it's valuable research. While state records laws cover the release of actual records and not 'information' or the creation of a new document, if it is easier for you to provide the total number of Title IX sexual violence complaints filed by year and the corresponding number of cases involving student athletes as respondents, we would take that instead and withdraw our request. What we are requesting in no way runs afoul of federal or state student privacy laws because we concede to the redaction of all student identifying information. And the category of student athlete is so broad that it in no way identifies any one particular student. If there are any particular caveats to your document retention or categorization of 'sexual violence complaint' that you think would be a problem for our research or for doing an apples-to-apples comparison of other schools, please let us know. We will note each university's response to our request as part of our reporting. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address. I would request your response within ten (10) business days. If you choose to deny this request, please provide a written explanation for the denial including a reference to the specific statutory exemption(s) upon which you rely. Also, please provide all segregable portions of otherwise exempt material.</p>

Therefore, I am resubmitting the request for the following: Any and all written correspondence, including emails and text messages, from bookstore employees to/from the university's athletic, compliance and police departments, regarding the nine football players accused of credit card fraud. 3/19/2018	<a href="#">W003945-031918</a>	<p>Pursuant to Chapter 119 Florida Statutes, I request copies of all records related to communications, comments, or complaints by Robert Sloman or any employee or agent of Inteum Company, LLC to the University of Florida regarding any Request for Proposal (or similar process) for the University's solicitation for knowledge management software to help it manage its intellectual property assets (e.g., patents, patent applications, IP licenses, etc.). Examples of such software are Knowledge Sharing System's Tech Trac, Inteum C/S and Wellspring's Sophia. The University's technology transfer office uses such software. Inteum submitted a bid to provide such software to the University in or around 2005, and subsequently communicated with numerous University officials about the process, including then-President Bernard Machen. We are primarily interested in Inteum's and/or Mr. Sloman's complaints after the University declined to award Inteum the contract for the software. I am happy to assist in crafting search terms to identify relevant documents, if that would be useful. We request that responsive records be provided electronically. If there are fees associated with this request, and they exceed \$250, please contact me at 206.359.3075 at your earliest convenience to inform me of the anticipated amount. Otherwise, please send copies of responsive documents to me together with your invoice.</p> <p>Very truly yours, Ulrike B. Connelly</p>	Ulrike Connelly	Completed	4/17/2018

		<p>addressing my concerns as to why I have been denied employment despite being a well-qualified, combat veteran, with at least 3 in person interviews which, in my opinion went very well. Also, many of the positions in which I have applied, have been denied within hours of submission. Does this facility only hire its students? Does this facility not consider outside experience as relevant? If this facility already has staff selected for positions, then why interview outside candidates? I'm trying to not take this personally, but given the fact that I have submitted over 20 applications for radiology positions in which I am well qualified, have been interviewed at least 3 times and have been almost instantly denied for the other 17 applications, it would appear there may be a systematic procedure to hire only known applicants, family members, and students and the interviews of outside candidates is simply for appearance or statistical purposes. If for some reason there is a reason I am not being selected, please describe so that I can stop applying or address any personal or resume deficiencies.</p>

4/1/2018	<a href="#">W003992-040118</a>	On UF's Sustainability website, it notes that: "In 2013, UF began piloting a composting program through a partnership with Waste Corporation of America (WCA). The first phase of the program focused on organic waste collected at home football games in Ben Hill Griffin Stadium, with the help and support of the University Athletic Association. By the last game of the 2013 football season, the stadium had reached a 78% diversion rate from the landfill. In fact, landfill bins were removed from the stadium during these home football games, and everything sold inside the venue was categorized as either compostable or recyclable." I'm looking for records about 1) the data that was collected to generate those statistics, 2) the methods employed to collect that data, 3) if there is a best practices guide that UF used to cause such waste reduction, I would appreciate a copy of it, and 4) if there are any meeting minutes or more recent data about UF's zero waste initiatives, I would like access to those as well. 4/9/2018	<a href="#">W004021-040918</a>	My name is Frank Gluck, I'm a reporter for The USA Today Network in Florida and recently spoke to the Medical Examiner's office by phone. As I stated in that call, this is a request for Medical Examiner autopsies and reports that would help us identify patients who have died from complications of cosmetic surgery procedures. We have sent similar requests to other Medical Examiner offices throughout the state. We have found that often times as cause of death after these surgeries medical examiners state words like "fat emboli", "liposuction", "fat transfer procedure", "gluteal lipoinjection", "pulmonary microthrombi", "abdominoplasty", "pulmonary thromboemboli" or "cosmetic surgical procedure". I was wondering if you could search terms in your database of autopsy reports in the field of cause of death, the narrative, etc. We are requesting a search of the previous five years. 		<p>Menjivar, Jennifer Jones, and Tracy Johns (in conjunction with UF University Relations personnel, Susan Crowley and Karen Thomas) aims to further explore and understand the shifting giving patterns of UF's Campaign for Charities. We have been granted access to a University Relations' dataset containing charitable contribution provided by UF Employees over the last three years. For research and analysis purposes, we would like to complement our dataset dataset with the following variables: gender, income, year of birth (we will use this data to construct demographic generation cohorts: baby boomers, Gen. X, Gen Y.), years employed at UF, whether or not attended UF, Educational attainment, degree(s) obtained (for example, B.A., B.S., M.S., M.Ed., MFA, Ph.D., P.Ed, M.D., J.D., DDS, DVM. MBA.). Thus, we respectfully would like to request the following public records for UF employees: employee ID, Last name, first name, department, college, gender, annual income, year of birth, number of years employed at UF, whether or not they attended UF, degrees obtained. We request the information to be provided electronically. I would like to highlight that a protocol with the UF Institutional Review Board has been initiated (see attached informed consent for more information on the confidentiality clause for this study). 5/1/2018	<a href="#">W004076-050118</a>	<p>May 1, 2018 University of Florida Via online submission form On behalf of People for the Ethical Treatment of Animals, Inc., and pursuant to the Florida Public Records Law, Fla. Stat. Ann. § 119.01, et seq., I am requesting copies of public records related to research projects contracted by the Florida Fish and Wildlife Conservation Commission ("FWCC") with the University of Florida ("University") under which researchers from the University capture and kill iguanas. Specifically, I request:</p> <ul style="list-style-type: none"> <li>Public records pertaining to method(s) approved and/or used to kill iguanas under the contract(s);</li> <li>Public records pertaining to any training undergone by researchers and other participants about how to capture, handle, and kill iguanas under the contract(s);</li> <li>Reports or other records pertaining to actual incidents in which iguanas were killed under the contract(s);</li> <li>Public records that discuss the numbers of iguanas killed under the contract(s); and</li> <li>All photographs and video that document the capture, handling, or killing of iguanas under the contract(s).</li> </ul> <p>I respectfully request that production of the responsive records be fulfilled without charge in light of PETA's non-profit status and the fact that release of the records is in the public interest. PETA will synthesize the information obtained from this request and educate the public about the state's efforts to eradicate iguanas. If this request for a waiver or reduction of fees is denied and fees are expected to exceed \$50.00, please notify me to this effect by telephone or electronic mail before this request is processed. To conserve public resources, please provide the requested records, to the extent possible, via electronic mail attachment to LoriK@petaf.org. I look forward to hearing from you. It's a little unusual, but it's worked with our local ME's office and I'm hoping you all would be able to complete a similar request. Please let me know if it all makes sense and if you need anything from me. Thank you very much for your help, I appreciate it. --- Pursuant to Article I, section 24 of the Florida Constitution, and chapter 119, F.S., I am requesting copies of the following records: An index of medical examiner cases – including county found, decedent name, decedent age, reported date, cause of death, and case comments – where the case comments and/or narratives mention any of the following phrases: • "home health" • "home nurse" If it is possible to provide them in an electronic format, please provide them that way. If there are any fees for searching or copying these records, please inform me before filling my request. Should you deny my request, or any part of the request, please state in writing the basis for the denial, including the exact statutory citation authorizing the denial as required by s. 119.07(1)(d), F.S. I will contact your office next week to discuss when I may expect fulfillment of my request, and payment of any statutorily prescribed fees. 5/9/2018	<a href="#">W004112-050918</a>	I'd like to make a public records request in my capacity as a journalist with The Associated Press. Pursuant to public records law, I am requesting a copy of: - Records detailing fees that were paid or promised to the university's spring commencement speakers for each year from 2014 through 2018. This includes but is not limited to contracts and invoices from speakers, their agents or speaking firms. I'm interested only in payments made in exchange for speaking, not other costs such as travel, lodging or other accommodations. I'm also interested only in payments to the university's primary commencement speaker each spring. Feel free to call me with any questions at 617-357-8100. 5/9/2018	<a href="#">W004113-050918</a>	<p>I write, pursuant to the Public Records Act, Chapter 119 of the Florida Statutes, to request: 1. The personnel file of Sharon N. Mansfield, an employee of Shands. 2. Documents explaining her selection as subject of a reduction in force (RIF). 3. Documents discussing concerns about her attendance, performance, suitability for her job, and domestic violence issues. Please note that for purposes of this request, I represent Ms. Mansfield, so this is, effectively, a request by her. Accordingly, privacy constraints are not relevant. If you assert an exemption regarding any of the requested information, please advise me in writing and indicate the applicable exemption to the Public Records Act. Also, please state with particularity the reasons for your decision, as required by Section 119.07(2)(a). If any asserted exemption applies only to a portion of the records, please delete that portion and provide copies of the remainder of the records, pursuant to Section 119.07(2)(a). I agree to pay the actual cost of duplication as defined in Section 119.07(1)(a). However, if you anticipate that in order to satisfy this request, "extensive use" of information technology resources or extensive clerical or supervisory assistance as defined in Section 119.07(1)(b) will be required, please provide a written estimate and justification. If the records are maintained electronically, I prefer to receive electronic copies versus paper copies. I appreciate your prompt response. Please include information for both currently active projects as well as those completed since January 1, 2018. We do not need every document that mentions subcontractors, just one for each subcontractor or set of subcontractors. Specifically, we seek: • Project number • Projected completion date • Prime/General Contractor name (s) • Construction Manager (at Risk) name • Architect/Engineer names • Subcontractor names Excel spreadsheets containing similar information are welcome. The information is to be used for research aimed at identifying patterns of spending by public entities. No part of the data will be used as a mailing list and your supplying the information cannot be construed as an endorsement of either your payees or our work. We are willing to reimburse your office for any reasonable expense incurred in providing the requested information if an estimate of costs is provided for our approval before the work is performed. We would prefer to receive the data via e-mail attached as a PDF or Excel document. If my request is too broad or does not reasonably describe the records being requested, please contact me via e-mail or by phone, so that I might clarify my request, and when appropriate inform me of the manner in which the records are filed, retrieved, or generated. (1) The records provided were not the only records to be discovered. I have intimate knowledge of the events that are provided interpreters on campus. These bills do not cover the entirety of the request. For example, services were provided on 3/26/2016 for Signing Gators ASL Idol and on 4/12/2018 for Pride Student Union's LGBT+ panel. The procurement of these services were managed by James Tyger's office. (2) I requested bills for sign language interpreter services provided by the Center for Independent Living of North Central Florida. This requires: (1) the information about the event provided interpreter services [e.g., name, date, point of contact], (2) the number of interpreters provided, and (3) the total cost of the bill. The information provided in request W004052-042018 does not fulfill this information — they were authorizations of payments, not bills. 6/8/2018	<a href="#">W004213-060818</a>	Hello Major Barber, Attn: Chief Linda J.Stump, Major Brad W. Barber, UFSOA I received the formal letter and your email; however the reason why the unlawful and illegal trespass was not fully lifted is ambiguous and shallow. As stated in the letter: '...Based on the information I have received, the nature of the circumstances that led to your trespass, and the information provided, I am not lifting the trespass; I will, however, modify the nature of this trespass and limit its scope to the Architecture Building...'; it is unclear and shallow in detailing the very reason why the decision was made, and resulted into a modification and not a removal. The above quoted statement, I assume, is what led to Chief Stump's decision. But the reasons why the unlawful trespass is still in effect and limited to the Architecture building were not stated at all. Thus, I would like to know the reasons for such a trespass. It is highly evident through the informations (physical proofs and facts with supporting emails from UF SOA) provided by me that I had committed no offense or done any wrong to anyone in the Architecture Building on those days of such occurrences. Moreover, it is highly evident that there was/were no conflict (s) during the apparent meeting(s), anything to the contrary is bigotry or racial profiling and bias. And also, this malicious behavior of some UF SOA staffs, namely Lisa and Sheryl, in lying to and calling cops on a black man who did nothing wrong, and for no apparent reasons should and will not be tolerated by UFPD and UFSOA, and by any person for that matter. As I previously mentioned in my first letter of appeal, there were and will be no proofs to substantiate their lies and conspiracy. I would like to remind the Chief that the statements of the officers in their video cameras when meeting with me explaining why I am being given a trespass and the emails provided totally contradicted	Gary Joseph	Completed	6/18/2018

		<p>what Lisa Huang and Sheryl Macintosh claimed: ...they said that they did not want to meet with me...; but several emails showed the contrary; and many other lies and false accusations stated during that encounter with the officers. Also, they, Lisa and Sheryl, had conspired against me because I simply walked out and left the meeting, and because of Sheryl's loathsome statement: for during the meeting Sheryl stated, 'Let me be frank with you, Gary: it doesn't matter if you fix your GPA, we will not admit you to the GRAD Programs...;' this repulsive statement was the main reason why I simply walked out and left the meeting: this was the simplest thing to do. It was and is a cover up thereby lying to and calling the cops were their only mean of accomplishing what they intended to do as stated in Sheryl's discriminating statement. The School of Architecture will have to explain Sheryl's statement in juxtaposition of that unlawful trespass. Therefore, as requested before, I, now for a second time, am requesting the REASONS for the unlawful trespass, namely to the Architecture Building, not being fully lifted (or remove). And through the Freedom of Information Act, I am requesting a copy of the report of that investigation, for I have the right of a full disclosure of that 'trespass'. I hope that Chief Stump and the UF School of Architecture will understand that this is more than a trespass: it is bigotry, racial bias and profiling, hatred, and discrimination against me. In no way shape or form, a trespass can be given to someone on PUBLIC SCHOOL GROUND who had done nothing wrong, except he was targeted. Also, I hope that Chief Stump and the UF School of Architecture will understand that by not removing the unlawful trespass in its fullness, I am being discriminated and treated as a criminal.</p> <p>Sincerely, Gary Joseph (954) 494-1409</p>

6/25/2018	<a href="#">W004268-062518</a>	<p>This is Frank Gluck, a reporter with the USA Today Network. I'm reaching out to you because I'd like to make a public records request for any autopsy reports –including microscopic analysis results, if any-- and investigative reports for any death cases occurred since 1999 where the words listed below appear in the cause of death and in any other narrative fields that are searchable in your system, such as the narrative of the autopsy report or investigative report, diagnosis, opinion or other description fields. The words we would like to search are: "Plastic", "cosmetic", "liposuction", "fat emboli", "fat embolism", "adipose tissue embolism", "adipose emboli", "elective surgical procedure", "fat grafting", "buttocks augmentation", "fat transfer", "lipoinjection", "tummy tuck", "abdominoplasty", "breast augmentation," "breast lift", "facial surgery" and "mammoplasty". We are looking to identify cases of patients who died after plastic surgery procedures. If you can think of any other words that your office uses when describing or classifying these deaths, it would be great if you could let me know and search those terms too. I'd like to receive the records in an electronic format sent to my email address: fgluck@gannett.com, if possible. If there are any fees associated to this request, please let me know before proceeding to comply with it. This is a follow up to a previous records request you received from me earlier this year and includes more information about what we are looking for. If you have any questions about this request, please don't hesitate to contact me at 239-335-0356. Thank you for your help,</p>	Frank Gluck	Completed	7/30/2018

7/26/2018	<a href="#">W004389-072618</a>	<p>Hello. I would like to know if you can share with me the e-mail address of farmers in your county. We don't need all the information, just the e-mail. This e-mails will be used to send a short survey questionnaire to the farmers. The name of my research project approved is: "Personal Determinants of Diversification Among Small and Medium Scale Farmers: The Roles of Opportunity Alertness, Risk-taking Proclivity, and Leadership Skills" This project is designed to construct a behavioral understanding of the actions of small and medium scale farmers in Florida, when choosing whether to stay in commodity production, or to diversify their business. Researching the variables of opportunity alertness, risk-taking proclivity, leadership skills, and intentions to diversify in small and medium scale farms, will lead us to understand the behavior of farmers, their process of decision-making, and the important requirements in farm business. This project essentially measures the impact that opportunity alertness and risk-taking proclivity have on the intentions to diversify, and how the moderator variable leadership skills alter that impact. My advisor is Dr. Wendell A. Porter (waporter@ufl.edu). Additionally Dr. Jonathan A. Watson is a Committee Member (jaw7385@ufl.edu). The questionnaire is built from validated questionnaires published in journals of high impact (Q1). The process within IRB is not submitted yet. We are clear that we need first be approved by IRB and after that, we will start to collect data. Also, we will provide to the farmers an executive summary of findings in this research. Thank you. I will look forward to hearing from you. 8/4/2018	<a href="#">W004433-080418</a>	I am a reporter at the New York Times request documents related to an incident in 2009 in which a football staffer named Zach Smith was arrested. His coach at the time, Urban Meyer, has said he always followed protocols. Additionally, there have been reports that Earle Bruce and Hiram de Vries persuaded the alleged victim to drop the charges. As such, I am requesting all documents -- emails, cellphone records, anything else you have kept -- from June 1, 2009 to Dec. 31, 2009. Please search the accounts of Urban Meyer, Jeremy Foley, Steve McClain, and Jamie McCloskey. Keywords are: "Zach Smith" "Courtney Smith" "Courtney" "Hiram" "Earle Bruce" "Earle" "Earl" "Bruce." I can be reached at 240.401.2579 or <a href="mailto:marc.tracy@nytimes.com">marc.tracy@nytimes.com</a> . Thank you.	Marc Tracy	No Records Found	8/13/2018

		<p>section 24 of the Florida Constitution, and chapter 119, F.S., I am requesting an opportunity to inspect or obtain copies of records of all expenditures incurred by the University of Florida athletics department for team travel from July 1, 2017, to June 30, 2018, including, but not limited to, receipts, invoices, expense reports and hotel folios. This request covers air and ground travel, lodging, meals and incidentals (including housing costs incurred during school break period) for competition related to preseason, regular season and non-bowl postseasons. Amounts incurred for food and lodging for housing the team before a home game also should be included. If applicable, use of the institution's own vehicles or airplanes and in-kind value of donor-provided transportation should be included. If there are any fees for searching or copying these records, please advise me before taking any billable steps. However, I request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of how state universities function. This information is not being sought for commercial purposes. I am a member of the news media conducting a national research project into college athletic department finances that will be published and distributed to the public. It should also be noted that University of Florida annually compiles these records in its regular course of business to comply with federal law under the Equity in Athletics Disclosure Act. I request these records be provided in electronic form. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. Thank you for considering my request. Please don't hesitate to call if you have any questions. Sincerely, Kenny Jacoby 510-</p>

9/1/2018	<a href="#">W004516-090118</a>	To whom it may concern, My name is Tianyi and I am a Finance PhD student from University of Massachusetts Amherst. Me and my Professor Mila Getmansky Sherman are working on a research paper about women in academia and need to gather data for public university faculty's information and salary. I am wondering if it is possible that you provide me 15 years time series (2002-2017) data on all of your University faculty's name, job title, hire date, employment type (full time or part time), department, race, gender and annual salary data and hopefully in Excel file? We will not disclose those personal information to public and will only use those data for academic research. If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law. If you do not have the data, could you please tell me where is the data source or maybe give me the contact information of the people or organization that may have this data? Thank you very much! 9/4/2018	<a href="#">W004522-090418</a>	I am a professor of mathematics here at UF, and I have a legal question about the official e-mail use that I could not see answered on UF websites. Perhaps you are not the right person to ask about this; if so, just let me know. We have a multilingual faculty at the math department, and some people choose to write some e-mails on their ufl.edu accounts in their native tongue. I understand that the e-mails are an official state record, and the official language of the state of Florida is English. It is surely a minor infraction and no one really cares about it. My question is, what occurs if someone requests the e-mail messages and finds (perhaps very many) messages written in a language which is not English? My concern is that the requester may be entitled to official translation and the faculty may be held liable for the translator expenses. Is there a university policy in this matter? Either for the beginning of this semester (Aug.15 - Aug.31), the last year (2017) or spring semester (Jan.11 - May25.) I specifically want to know: What brand of receipt print paper the bookstore uses? Confirmation that the thermal paper, 1-ply BPA, is the one in use. I believe that's the one being used or the one used is a type of thermal paper. How much money, from those \$30 million the bookstore is granted yearly, is spent on this product and ink? How much of the product is used in that timeframe? This is key informations to prepare a solid news stories. I'm hoping that my story is chosen by the Alligator. 9/10/2018	<a href="#">W004551-091018</a>	Good Morning, Please consider this letter an FOIA request for any email correspondence I am requesting all email correspondence between school officials and Richard Spencer between the speaker's initial request to speak at the university and the university's decision to accept or deny the speakers request as well as any follow up email that seek to explain the reason for the denial or to respond to objections or reactions from the speaker. I am seeking email written by university officials and Richard Spencer or their representatives. Specifically, I am looking for any and all email in which (1) the university or the speaker/speaker representative initiated a discussion about the speaker visiting and speaking on campus; (2) university officials or the speaker/speaker representatives discuss details about the visit and speaking event; (3) the university approved and/or denied the speakers request to speak; (4) university officials explained why a speaker was allowed or denied to speak, including the reasons for that decision; (5) university officials or the speaker/speaker representative responded to the university's decision to deny the speaking request. I am also requesting any email sent by the university and its representatives to students, faculty members, parents, alumni, and security regarding the speaking engagement on October 19 2017. Finally, I am requesting any and all internal email between university officials who participated in the decision to accept or deny the speakers request to visit and speaker at your university, as well as emails between university officials regarding preparations for the visit itself. If your agency does not maintain these public records, please let me know who does and include the proper custodian's name and address. For clarification, I am *not* seeking copies of records released in response to these requests, just a list of the requests. Such lists or logs typically would include the name of the requester, date of the request, brief description of the records sought, any tracking number assigned to the request, whether the request is still pending, date the request was closed and any ancillary notations about the request or requester or subject matter. I agree to pay any reasonable copying and postage fees of not more than \$100. If the cost would be greater than this amount, please notify me. Please provide a receipt indicating the charges for each document. These logs will be utilized as a teaching tool in the UF College of Journalism and Communications courses on fact finding and investigative reporting. If you determine the request is overly broad under 119, please contact me and we can discuss possibilities of narrowing the scope of this request. Cineflix is currently producing a new documentary series that looks at the role of the Medical Examiner's office in solving homicide cases. The series uses first-person interviews with forensic experts and law enforcement officials to explain how science and detective work come together to bring perpetrators to justice. Dr. Falsetti is collaborating with our production regarding the Cheryl Ann Commesso case (the 1995 I-275 Jane Doe). Dr. Falsetti told me that you had actually been a part of the team that unearthed Commesso's skeleton under Dr. Maples' guidance. 10/3/2018	<a href="#">W004622-100318</a>	This is a request under the Freedom of Information Act. In order to help to determine my status to assess fees, you should know that I am a representative of the news media affiliated with Sporting News, and this request is made as part of news gathering and not for a commercial use. My request should not be denied due to FERPA restrictions, as FERPA requires institutions to treat disciplinary records as part of the education record and therefore allows the types of policies I'm requesting clarity about. Further, this request pertains to general policy and does not risk the privacy of any individual. I hereby request ELECTRONIC copies of the following records on behalf of Sporting News: 1) Any in-use procedural document that indicates the University of Florida must note on a transcript when it finds a student responsible for sexual misconduct or sexual assault via a Title IX investigation. This record is most likely to be found in conjunction with the Office of the Registrar. 2) Any in-use procedural document that indicates the University of Florida must note on a transcript when a student under an ongoing Title IX investigation for sexual misconduct or sexual assault leaves the University of Florida. Your request mentioned: "A copy of electronic messages to or from the following individuals from January 1, 2018 to the present date in which the Florida Shellfish Aquaculture Association, Sea Grant or Ms. Sturmer's position is discussed or in which the Shellfish Aquaculture Bivalve Extension Agent duties or responsibilities are discussed : Jack Payne Leslie Sturmer Karl Havens Peter Fredricks Please advise in advance if the costs for the transmission of the electronic messages exceeds \$200. I agree to promptly remit payment for any cost below \$200." On October 26, 2018, you had written: "Thank you kindly for your inquiry. I will narrow the request to encompass August 1 to the present and would also like to request any meeting agendas either as separate documents or contained within calendar invitations regarding the topics and individuals identified in the initial request." The criteria for the full criteria of the original search: "Florida Shellfish Aquaculture Association" OR "Sea Grant" OR ("Sturmer" AND "position") OR ("Shellfish Aquaculture Bivalve Extension Agent" AND ("duties" OR "responsibilities" OR "agenda")) yielded a total of 51,243 pages - 25,281 pages of messages and 25,962 pages of attachments. After the IT Department ran the initial search, it looked like the inclusion of "Sea Grant" as a standalone key term generated</p>

		<p>a lot of results. They ran a secondary search removing the "Sea Grant" criterion and got a much smaller result set of 5,911 pages - 2,104 pages of messages and 3,807 pages of attachments. The estimated costs of production include the cost of collection, review and redaction of exempt and confidential material from the large volume of potentially responsive records. The General Counsel's Office can put together an invoice of estimated costs of production for your public records request. Please note that costs must be paid in advance of the university conducting its review and producing potentially responsive records. For each search, the production will be emails and attachments in PDF format. Should you choose to narrow your request by subtracting the attachments, or adding search terms and/or choosing to search less email boxes, this could greatly reduce your potential costs. Please let us know how you would like to proceed. Upon receipt of your clarification, the University of Florida will further respond to your Public Records Request as required by law, including providing you with an estimate of costs associated with producing the requested records. If you have any questions, or wish to discuss this further, please feel free to reply to this message via the Public Records Center</p> <p>Sincerely, University of Florida Public Records Request Center</p> <p>_____ To monitor the progress or update this request please log into the Public Records Center.</p>

On October 26, 2018, you had put in a different request (W004689-102618) related to the same subject material that you were invoiced for on November 8, 2018 (the invoice is attached). That text was as follows: "The University of Florida received a public information request from you on October 26, 2018. Your request mentioned: "A copy of electronic messages to or from the following individuals from January 1, 2018 to the present date in which the Florida Shellfish Aquaculture Association, Sea Grant or Ms. Sturmer's position is discussed or in which the Shellfish Aquaculture Bivalve Extension Agent duties or responsibilities are discussed: Jack Payne Leslie Sturmer Karl Havens Peter Fredricks On October 26, 2018, you had written: "I will narrow the request to encompass August 1 to the present and would also like to request any meeting agendas either as separate documents or contained within calendar invitations regarding the topics and individuals identified in the initial request." Please advise in advance if the costs for the transmission of the electronic messages exceeds \$200. I agree to promptly remit payment for any cost below \$200." In response to your request, University staff have located records potentially responsive to your request. The invoiced amount reflects an estimated cost of production. Should the actual cost exceed the invoiced amount, the University will provide records up to the actual cost and bill for any additional cost. Should the actual cost be less than the invoiced amount, the University will reimburse the difference.</p>
