

Ring wants to help reduce crime and increase safety in Boynton Beach, Florida.

Ring is excited to propose a solution to the Boynton Beach Police Department to help reduce crime and assist with investigations in your community.

Program Description

This program will provide the Boynton Beach Police Department ("Agency") access to the Ring Neighborhoods platform to communicate with Ring Neighbors and encourage community engagement as we work together to make Boynton Beach neighborhoods safer.

- The Ring Neighborhoods platform is a digital neighborhood watch that both law enforcement and the public can access free of charge by downloading the Ring mobile app (iOS and Android).
- The app allows Ring Neighbors to share and comment on real time crime and safety events in their neighborhood.
- As part of the program, Boynton Beach Police Department may:
 - Utilize the critical crime and safety events that are posted in the app by neighbors to assist in law enforcement operations and investigations; and
 - Post information relating to critical incidents and other incidents in the app to keep neighbors informed regarding issues in their neighborhoods.
- In addition, the Boynton Beach Police Department and Ring may work together to offer subsidized Ring cameras to select parts of Boynton Beach.
